

Creating The New Dream 4

1995-07-23

Spiritual Initiation

- 1995-0723-001 Beloved and holy and only Child of our Heavenly Father, Child of the one Source, Child of Light divine, I am the one known as Jeshua ben Joseph – Jesus, you have called me – and it is in great joy that I come to abide with you this morning in your timing as you have chosen to call me forth.
- 1995-0723-002 Great joy, for this is a time of celebration, a time of initiation, a time of newness, of beginning, a time of the Light, the ongoing Light of the initiation that is forever ongoing as the holy Child remember who he is. Well spoken, beloved one.
- 1995-0723-003 Initiation happens in every moment as you are willing to invite the Christ Child, the Light of who you are into your awareness. Initiation is your choice in every moment to celebrate the Light, to celebrate the vision and the holiness.
- 1995-0723-004 Today is especially a time of holiness, of sacred holiness as you are remembering the totality of the creative holy Child, the one Child expressing as the many. The one creative Child bringing forth the new dream that has been held deep within the heart. For all of the time of adventures and now being birthed upon this plane.
- 1995-0723-005 All of you have desired to bring forth a new dream upon this plane, to bring forth Heaven upon earth and to see it realized, realized with a small “r” in your experience and to bring your Reality –with a capital “R” – into this dimension and into this reality. That is what you are about. Nothing less.
- 1995-0723-006 There are various methods, avenues of doing this, and the one that you have chosen in this point of focus, this time, is to bring forth a gathering, a place where ones can reconnect and remember the oneness, the wholeness of the holy Child. No longer feeling that there are aspects of self that are somewhere out there scattered and “I have perhaps a faint memory of them but I don’t know where they are.” Have you ever felt that way?
- 1995-0723-007 **Yes.**
- 1995-0723-008 Yes, of course, many times. Now you are inviting all of your Self, the totality of yourSelf to come, be recognized, be welcomed and to come Home. So what you have agreed to do is to birth even upon this plane a point of Light in a geographical location. A shared creation that you are all bringing forth. A place of grand beauty. A place of holiness. A place where ones will come and remember their holiness by being amid the vibration of that location.

1995-07-23 Oakbridge University Channeled by Judith Coates

- 1995-0723-009 Some of you will desire to live upon that land and you will bring forth what is known as community in that area. Not all of you will choose to do that, but all of you will be part of the community in that you do not have to have the forms all in the same location in order to know communion.
- 1995-0723-010 You do not have to be sharing what you would see as the same bathroom in order to be of community. All of you as you share the communion of the heart are part of the larger community. For you do not need to feel that you have to pull up the roots that you have put in a certain place, for the time being, and move to make a new community.
- 1995-0723-012 You will hold the gathering of brothers and sisters in your heart and be in communion with them and with the vision of holiness. But it does not mean that you have to place the form of the body in that location.
- 1995-0723-013 Many of you will be supporting the holy space by holding it in your consciousness wherever you be. And by speaking to the brothers and sisters that there is such a place should they want to come and to feel the Love that is there. Many of you will make trek unto the place to spend an interval of time of renewal for it will be a place of grand beauty and of renewal. So there will be much of re-creation, recreation in this spot. Holy recreation. You may speak that unto the mate. Yes.
- 1995-0723-014 Allow yourselves to gain clarity as to what you desire to bring forth in a language that the brothers and sisters will understand, that they will resonate with. Allow yourselves to be in communion with each other discussing the visions. Do what is called the networking and as you travel about, speak unto the brothers and sisters of what is being established in this location.
- 1995-0723-015 For I will share with you that this is not the only location where there will be a point of Light, a grand point of Light. There will be many such gatherings and you as you make trek unto other locations, you will spread the word and other gatherings will spring up because of your support and because of your example of what you are bringing forth here.
- 1995-0723-016 There is much of the energy of commitment, the energy of oneness that says, "Yes, we will be as one and we will bring it forth," and many of the brothers and sisters are desiring to know oneness and to manifest a place of Light as well. And as you allow yourselves to be unhindered by historical perspective, as you allow yourself to just do it, to get on with it, you will encourage the other brothers and sisters to allow all of the burdens, the constrictions, all of the voice of the world that has said, "You can't do that." You will encourage the brothers and sisters to lay down those constrictions and to find the joy of their heart.
- 1995-0723-017 So what you are birthing here has far reaching effect. You will focus, yes, your energy upon this project we will call it, to bring it forth. But your energy is not limited and even as you focus upon this project you will be supporting the

1995-07-23 Oakbridge University Channeled by Judith Coates

emerging consciousness of Light and Love upon all of the face of our Holy Mother, the Earth.

- 1995-0723-018 Yes, a grand reunion as you have just experienced. It will be a grand reunion of all of the brothers and sisters, remembering the one family, first of all, and then remembering the one holy Child. A grand time of homecoming upon this plane.
- 1995-0723-019 And today you have decreed and you have asked all of the energies of yourself to be in agreement with this. You have decreed that it will be an initiation, that it will mark a conscious beginning of this new dream. I say conscious because you have carried this vision in your heart for what you would see as lifetime upon lifetime upon lifetime.
- 1995-0723-020 The love that you have felt in this gathering you will remember as you go from this place. None of you will leave this gathering the same as when you came. All of you have allowed revelation to come forth. All of you have allowed a new image of self to be known. Sometimes a bit scary to the ego that would speak of separation and would say that everything is difficult and everything is just constricted. And yet to the heart it is most exhilarating and expansive.
- 1995-0723-021 For you have touched the place of oneness. You have allowed yourself – with a small “s” – to come into communion with the large Self – the large “S” Self. You have expanded what you have felt your mind to be into the whole Mind of the creative Child. To dip deeply into the wellspring of the whole Mind and it has surprised you from time to time.
- 1995-0723-022 You will go forth from this place Christed, remembering your Christhood, and that remembrance will grow in the days to come. We have spoken of the Light that you are, the energy of Light that you are that activates all of your creations. That is the Christ Light and you go now from this place whether it be today or another day, but you go from this place Christed in that you are willing to claim, to know, to experience and to express the Christ Light that you are and to take it as your gift unto all of the brothers and sisters that you have contact with.
- 1995-0723-023 All of you are grand travelers. All of you are grand adventurers. You would not be in this room with this point of focus if you were not. You have made choices even to bring the form to this location and all of you are grand travelers. And in the days to come you will be making trek unto many, many points of Light, of emerging consciousness of Light and Love upon the face of our Holy Mother, the Earth. You will be traveling far. Farther than you have ever imagined that you would go in what you see as this lifetime, and you will go easily. It will not be something that you have to plan for, but there will be guidance and you will pack up a minimal amount of stuff.
- 1995-0723-024 {Laughter}

1995-07-23 Oakbridge University Channeled by Judith Coates

- 1995-0723-025 And you will make trek for you will feel yourself called by the brothers and sisters to share your Light with them and you will invite them to come and share in the Love that is upon this sacred, holy spot as well.
- 1995-0723-026 Allow yourselves to gain clarity about what you wish to birth in the creative form upon this plane. Before you approach some of the ones who will be supportive in the flow of what is yet known as the golden coins, allow yourselves to gain clarity so that you will know what gift you have to offer them that they may be part of. There is a certain language that is still spoken within the world and you know it, you participate in it. It is not foreign to you. It will smooth the way.
- 1995-0723-027 But hold always within your mind and within your heart the vision that you have now come to know, to remember. The vision of oneness. The vision of Love that has been shared in this gathering of family. For that is the grandest gift that you will give unto any of the brothers and sisters, is the healing known as Love. Unconditional Love that does not say to a brother or sister, "You must fit a certain mold, certain expectations, but I love you for the Christ that you are." You will greet each one from the heart. Sometimes in spoken word yes, but always from heart to heart. "I greet you, the Christ that I am greets the Christ that you are. From Christ Light to Christ Light," and you will see the Light. Have you ever asked to see the Light? Of course. You will see the Light of each one.
- 1995-0723-028 In the days to come you will have many decisions. Immediate decisions, yes, and long range decisions. Approach each decision from the place of the Christ. From the place of simplicity of asking, "Does this express the Christ that I am? Does this allow the Christ of the brother or sister to come forth? Does this support and birth and nurture the Christ, the one Christ that we are?" That is your touchstone. When you go first unto the place of the heart and you ask, "Is this from the Christ?" You will have your answer.
- 1995-0723-029 If it does not feel joyous, if it does not feel light, abide with it for a moment or so or longer until you can understand a limitation or a constriction until you see the Christ and see how to bring it all together into a oneness. That is what this is all about.
- 1995-0723-030 For even as ones will come unto you with various ideas that perhaps you are not in alignment with, allow yourself to sit with what they have to offer and go deeper with it. Allow yourself to bring forth what is known in your world as a win-win resolution. None of the decisions that you will need to make will need to be made in haste. In other words, you have all of the time that you are the manifester of in the first place, you have all of the time to abide with a decision and to feel in Light with that decision. For you will have many choices. But what is important is to come unto a place of oneness, a place of the heart then to proceed.

1995-07-23 Oakbridge University Channeled by Judith Coates

- 1995-0723-031 Some of you are wondering what part you will have to play in this. And as I have said, some will be more directly involved with it, seemingly, some will serve from a distance. Some will find it in their heart to come and to put the forms upon that space and to live there. Others will make trek, to make journey for a time interval, to come and to be renewed. Others will extend the invitation to brothers and sisters who are wanting to know that there is such a space.
- 1995-0723-032 What you are birthing in the new dream will be inclusive, not exclusive. It will include all of the holy Child and as I have just said, if an aspect does not seem to be in alignment or in resonance, sit with it until you can see the oneness.
- 1995-0723-033 It does not mean to accept everything just because Jeshua said we have to accept everything. That is not what I am saying. I am saying to abide in the heart with every aspect and to ask of your heart, "Where is the oneness? Where is the Christ? How does the Christ express?" And to come unto a place of remembrance of the totality of the holy Child.
- 1995-0723-034 Many of you will want to go out today and to set foot upon the land, to feel the vibrations of the land, to know the sacredness. Many of you have been uplifted by an idea that there would be such a space and that you could be part of it. If you will receive it, you will be part of many of these points of Light whether you actually take the toothbrush and go and abide there or not.
- 1995-0723-035 For you are supporting the initiation of the new dream upon this plane and as my beloved friend has said, it is an initiation that grows, unfolds in everyday. One that you have expressed as growing into. I would say, remembering. Everyday is a day of initiation when you remember who you are and from whence you have come. From the Father as I have termed it. From the one creative Source.
- 1995-0723-036 Allow yourselves to feel free with however you see your involvement to be. Allow yourselves to stay open for indeed what is right in this moment for you may find itself changing in the days to come. You have already experienced that even with your choice to come unto this location for this gathering. For all of you have thought at one moment or another, "No, that is not for me. I cannot go there for one reason or another." And then it has shifted, dramatically shifted.
- 1995-0723-037 So allow yourselves to be at peace with where you are with your guidance in each moment. But also keeping peace with the journey that may find itself changing because you desire it. Allow yourselves to be in joy for that is your true nature. Allow yourselves to bring forth the Light of that joy and to express it Light-heartedly. That is what brings you Home. That is what allows you to see even the workings of the world in a new perspective and to not feel heavy-hearted about it, but to know that everything unfolds in its own perfect order. Everything that you see and that you experience, everything that the brothers and sisters see

1995-07-23 Oakbridge University Channeled by Judith Coates

and experience is there because it has been called forth to serve the one purpose of bringing the holy Child to the place of remembrance, of awakening.

1995-0723-038 It is a grand time to be in expression upon this plane. It is a grand time to be in what you would call the beginning of the creation of the new dream. Allow yourselves to touch that place of sacred holiness within. In a few moment there will be a ceremony that will allow you to touch that place of sacred holiness within.

1995-0723-039 As you go from this place remember the space of sacredness within the holy Child as she expresses upon this plane, as he expresses upon this plane. And whenever there be the questions, return again unto that space of sacred holiness, the place of the Christ. There you know and remember oneness. There you know no separation. There I await you. Peace be unto you.

1995-0723-040 So be it.

1995-0723-041

Mother Mary:

1995-0723-042 Beloved ones, Children of the Most High. In the beautiful space of Love that you have just touched you have initiated the birthing of the new dream upon this plane.

1995-0723-043 {A candle is lit.}

1995-0723-044 As you behold the Light of the candle know that it is symbolic of the whole Light that you are. Know that it burns because of you, because of the energy of Light that you are. Allow your Light to so shine that your brothers and sisters will see the Light and glorify the one Father, glorify by remembering the Christ that He birthed before time began.

1995-0723-045 {Mother Mary walks to the beginning of the semi-circle and lights a sister's candle.}

1995-0723-046 Pass it on.

1995-0723-047 {The group lights each other's candles.}

1995-0723-048 As you share your light with another it is symbolic of the flow of Love of the new dream. For indeed Light is remembered and Love is known from one to another.

1995-0723-049 Allow the Light that you are to be held on high. Not to be held under a bushel any longer. To be held on high to the remembrance of the one Christ Child.

1995-0723-050 So be it.

1995-0723-051 {Group ends in song.}
