

Graduation: The Days To Come

1995-06-09

- 1995-0609-001 Beloved and holy and only Child of our Heavenly Father, Child of the one Source, Child of Light divine, I am the one known as Jeshua ben Joseph – Jesus you have called me – and it is in great joy that I come to abide with you this evening in your timing as you have called me forth. Yes, this evening is a bit different. This evening is a time of grand joy, a time of revelation and a time of graduation.
- 1995-0609-002 You are the ones who have chosen to graduate. Are you surprised at the number who are here? Is it not always the case that that when it comes to commitment, choice, willingness, often others find that there is something yet to do, somewhere else to be, and yet you have made trek, quite a journey, you also, in order to be here together this evening. To say by your willingness that you are ready to graduate, to come unto the next level of understanding. That is why it is a time of great joy and a time of revelation.
- 1995-0609-003 You are embarking, you as you would see yourselves to be individuals, and you as the collection of family, brothers and sisters are embarking upon a time of graduation. A time of upliftment. You have been preparing for this time all of what you would see as this history, this lifetime.
- 1995-0609-004 You have known deep within your soul, that this is the lifetime that you will bring together the remembrance of all of the other revelations and insights, all of the other lifetimes as you would call them that have been the peak lifetimes of inspiration and that you will bring them all together into an integration and an understanding in this point of time known as this lifetime. Yes, very much so.
- 1995-0609-005 You are birthing the Christ. You have said by your willingness that you will bring forth the Christ upon this plane and allow it to be seen, to be experienced, to be expressed, to be shared. You are in process of moving in your understanding from what is known as the third dimension into the fifth dimension. You experience from time to time the fourth as you allow yourself to go into meditation, in to prayer, into that exalted state that allows you to connect with more than just what you see this personality and this expression to be.
- 1995-0609-006 There is a wave of energy that is already in process upon this plane that is being birthed, that is being felt, that is being very much brought in and anchored, the energy known as the fifth dimension. The dimension of Light and Love where this will be most visibly expressed.
- 1995-0609-007 We have talked about this in previous times and we talked about the Light that activates the form being quite visible even with the physical eyes. This is part of the bridging that you are already in process of doing.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-008 All of you so gathered here are able to look upon another one, a brother, a sister and to allow yourself to connect with the Light of that brother or sister, to allow the eyes even to behold what is termed the aura around the form. To see the energy. You have been able to do this to a degree and it will grow more and more in the days to come. Very rapidly now.
- 1995-0609-009 As you are willing to graduate, to leave behind a certain level of understanding which has served you well, the level known as the third dimension and even the fourth and to move into the fifth, there will be much that will change for you and as you. You are called upon as the graduates that you are, you are called upon to live from that space of fifth dimension. That space of Light where you know yourself to be lighthearted, a perfect example. Lighthearted and even light of form as you allow yourself to go and to express.
- 1995-0609-010 You are willing to come from that space of Love looking upon all of the brothers and sisters with Love in your heart, understanding that but for the grace of God — and it only means that where you are now you are giving yourself that grace — there go I. In other words, you relate, you understand, you know that you have been in that space where the one that you behold is now experiencing what they are experiencing and where they feel themselves to be. You are willing to get rid of all of the old baggage that has held you back.
- 1995-0609-012 For have you not experienced more and more in your recent timing that when you would choose to be in a space of judgment, a space of confusion that it felt really terrible? Immediately you were aware that you were out of your home space and it has come and you have constricted and you have felt it even within the cells of the body. You have had the headache, the chest ache, the whatever and you have felt it immediately for you have decreed that you are now willing to see with clarity each moment where you are abiding. Where you are — as your world would say — coming from. Yes.
- 1995-0609-013 Because of your willingness now to release the baggage, because of your willingness now to be vigilant, to know where you are abiding you are the ones as the graduates, you are the ones who are the teachers to the brothers and sisters. You are the exemplars for the brothers and sisters. You are willing to birth Christ upon this plane and to move into fifth dimension.
- 1995-0609-014 Already you have experienced being the bridge many times, as you have heard brothers and sisters speaking of their pain, their confusion, the issues that they felt themselves to be facing and you have had empathy, yes, you have understood, but you have also seen that this is but temporary. You could also see what they were moving towards and could see the grander vision, the holy vision.
- 1995-0609-015 And there were times that you were able to share that with one, to put the arm around that one and to say, "Yes, I understand your pain, but you know there is

1995-06-09 Oakbridge University Channeled by Judith Coates

something more. There is hope." And you have shared with that one your insights, your experience, or a book that has come to hand because you have called it forth. That is just exactly the next steppingstone for that one in their unfoldment.

- 1995-0609-016 There is a grand acceleration of energy upon this plane.
- 1995-0609-017 A quickening.
- 1995-0609-018 Yes, very much. You have felt this and the brothers and sisters have felt this. They have felt that there was too much to do in a short space of time, too many choices to make of places where they could go, places where they could be. All of the options and it seems like time itself it collapsing, for indeed it is. Time is of your own making. Time is your own measurement of process as there is believe upon this plane in process. And you because you are allowing yourself to accelerate into your Light expression, you are passing time. That is why it feels that it is getting shorter and collapsing. It is because you are allowing your own acceleration of vibration and energy and in contrast, time is collapsing.
- 1995-0609-019 Now, as the graduates that you are, you have played with certain concepts. You have thought about, you have contemplated, you have read, you have discussed certain concepts, very basic questions that the soul brings up. The very basic question of, "Who am I?" At some point in every lifetime, every history you and the brothers and sisters have asked, "Who am I?" And there has been the definitions that would vary according to what experience you were desiring have in that lifetime.
- 1995-0609-020 There have been lifetimes when you saw yourself defined by the box, the category of society and of culture where you have defined yourself as the great warrior, the protector of the tribe. There have been lifetimes when you answered that question of, "Who am I?" and you have said, "I am the great teacher. I am the one who has researched all of the ancient scriptures and I have studied the heavens and I will share my insights with the brothers and sisters. that is who I am. I am a master teacher." And yes, you have been and are.
- 1995-0609-021 But that did not quite fulfill the soul's yearning to know, to reconnect and to remember and so in what you would see as the next recycling, the next experience of lifetime, there has been the question again that has come, "Who am I?" And you have kept asking over and over as you allowed yourself to come closer and closer to the remembrance of the whole Child that you are, the holy Child that we have spoken of.
- 1995-0609-022 That is where you are right now. You are at the place of claiming that, "I am the holy Child upon this plane expressing as the personality that I identify myself with, but I know that I am more than just that personality." And you have gone on to ask, "Why am I here?" Many, many lifetimes you have asked, "Why am I

1995-06-09 Oakbridge University Channeled by Judith Coates

here?" Many times feeling that you have been outcast and forgotten that somehow by a very distance memory you remember being part of the One, you remember Home, you remember the family, the family of the One, and somehow you feel yourself to be distant from it. To have been sent here and then they lost your address.

1995-0609-023 {Laughter}

1995-0609-024 And you have gone through your experiences. In this lifetime you have gone through your experiences of asking, "Why am I here?" The times known as the dark night of the soul where you have done much questioning and you have said unto your Father, "I remember You. Deep within my heart, I remember You, but I do not feel You," in that place of the dark night of the soul. "Why have you forgotten me? Why am I here?" And you have come through that to the revelation of Love that you are the Father's Love upon this plane.

1995-0609-025 And that is why you are here, to express the Love that you will know in quite conscious awareness and realization, in the fifth dimension that you will bring into very palpable experience as the fifth dimension.

1995-0609-026 Where is that?

1995-0609-027 That is what you are graduating into. This evening is a ceremony, if you will, of graduation. A time where ones have chosen to say by your very presence here that you are willing to graduate to the next level and that you will express Light and Love upon this plane. No longer held back by the belief in duality. Yes. What you have hoped for, what you have prayed for, what you have remembered deep within the heart is coming to be expressed and experienced upon this plane and it is time.

1995-0609-028 That is why you have agreed to collapse time. You have decreed that it is time. And so you have come through your questioning of, "Why am I here?" A very basic universal question that I asked of myself in my unfoldment and remembrance. I had heard the stories, the prophecies, I knew that I was to be messiah of my people. I did not know what they meant. They did not give me a job description.

1995-0609-029 {Laughter}

1995-0609-030 And I asked, "Why me? Why am I here?" And as I communed with my Father, understanding myself to be His expression upon this plane, I received my answer as you are now receiving your answer moment by moment, choice by choice.

1995-0609-031 Many of you have asked, "What is time? What is the purpose of time? Why, in your experience of it, sometimes does time drag? When you are awaiting something that is longed for such as the realization of the vision that you hold deep within your heart and you have said, "I know that this can be and will be a reality upon this plane. Why is it not here yet, when I can see it? I can read

1995-06-09 Oakbridge University Channeled by Judith Coates

about it. I can feel myself in alignment with the vision. Why is this still a bit far off?"

- 1995-0609-032 Other times you have felt time to be so speeded up that all of a sudden you were late to be somewhere and you have had to get the vehicle going really speedily and to program, as you call it, all of your green lights. So that you would arrived in time. Of course you arrive always in time. You arrive in your own time, and there are occasions that suit your purpose where you arrive out of time, late perhaps, and it serves a purpose. Many different purposes according to individual and according to what you wish to experience.
- 1995-0609-033 Other times you set out on a trek and there will be what you see as a time interval that may not be quite long enough to get there and you will arrive ahead of time and you say, "What happened?" Was there a wrinkle in time? And yes, there has been a wrinkle in time for you have decreed that there would be.
- 1995-0609-034 The purpose of time, you have brought it forth, is to experience process, to give yourself opportunity for choice, to hold a vision, to contemplate it, to see how it feels, to look at it one way and then to turn around and look at it another way and then perhaps to contemplate it from another perspective and say, "Okay, perhaps I will choose to make that a decision." It gives you opportunity in the process that you believe in, it gives you opportunity to play with perspective and to play with choices.
- 1995-0609-035 Now, with a pun, a play on words here, at the same time you remember instant manifestation. You know that it is most possible to think a thought and to be right there or to think a thought and to have it right in front of you to manifest. That comes from the Truth of your being. It is remembered from experience in what you would call the other dimensions where thought instantly manifests. But as you have agreed to experience the vibratory rate that has been a collective agreement upon this plane, you have agreed to a certain rate of process and there have been times that you have fought against that. Many times of frustration, as you would call it.
- 1995-0609-036 Now what you are allowing and desiring to experience is instant manifestation of the true being, the true nature that you are. To remember the Love in its unlimited form, in its free-flowing form and to remember the Light that activates all of form. That is what you are have decreed as your next level, the master's level beyond this graduation.
- 1995-0609-037 Now, does it come quickly? Yes it does.
- 1995-0609-038 How do you learn?
- 1995-0609-039 Already you are learning it. You are remembering it. Already by the choice that you have made this evening to be here, to play with unlimitedness, with the

1995-06-09 Oakbridge University Channeled by Judith Coates

concepts of unlimitedness which are more than just mental concepts. They are remembrances that come from deep within and they are coming now to the conscious awareness.

- 1995-0609-040 In the days to come which are not far off. They are right here, you will be experiencing acceleration of your own energy. Already you have been playing with, you have been experimenting with how your energy feels. There have been times that you have felt most lighthearted, most joyous, uplifted, enlightened and your energy has been accelerated. The vibratory energy as it would be measured, has accelerated in those moments. Ones looking upon you in that state of exhilaration, exultation, would see a grand radiance and they will say to you, "You are glowing." And it is true for you are allowing your own vibration to be uplifted, to be accelerated.
- 1995-0609-041 You have also experienced time of deep depression where you energy as it would be measured, has been slowed down, and then, what have you done? You have reversed and you have brought it back up again.
- 1995-0609-042 It is the soul's nature to know joy, to express joy, to know the vibratory rate of joy. That is why when I come and I say to you in the beginning of these sessions: that is in great joy that I come to abide with you. It is because that is the Truth of my being and the Truth of yours. I know myself to abide in a state of great vibration, exalted joy, whole joy.
- 1995-0609-043 Good.
- 1995-0609-044 Yes, and you remember it.
- 1995-0609-045 Yes.
- 1995-0609-046 In the days to come you are going to be experimenting, playing with energy. Allowing yourself to be vigilant in every moment of every day as to what your energy vibratory rate is. Allow yourself a moment in every hour of your waking time. We will not ask that you do this when the body is in repose. In your waking state for one week of your timing on the hour which is a good time to choose. You may choose on the half hour if you want to, to stop, to pause for a moment and to ask, "How does my energy feel? What is my vibratory rate at this moment? Am I feeling uplifted? Am I feeling in joy? Am I feeling at a neutral sort of plateau? Or am I feeling a bit heavy, weighted down by decisions or choices that 'must be' made?"
- 1995-0609-047 Allow yourself to take stock. It is most important that you, the graduates of this evening, the masters who are coming into claiming your master's degree, connect most consciously with the vibratory rate of your own Light energy, of what you are allowing to express through the very cells of the body.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-048 Now, a word of caution. When you have taken stock in that moment, do not judge yourself. In other words, do not get out the whip and say, "Oh, I 'should' be feeling higher than this." You are doing a piece of research. You are not going to judge it. In fact as we speak of judgment, how does that feel? Already you can feel the energy is being constricted. Exactly, it goes down. If you had a meter it would go "zip" to the bottom. Do not judge, but take stock of it and then remember how it feels when you look upon the beauty of a sunset, when you look upon the beauty of a flower that is opening, when you look upon the love in a small beloved pet's eyes, when you look upon the joy of a small one, a child who is in great spontaneity of just living, being the life process.
- 1995-0609-049 Remember the joy in a piece of humor. A joke as it would be called. Remember the love light in the mate's eyes. Remember how it feels when a brother or a sister has a moment of insight and already everything comes together and they understand why and they feel whole for that moment. Remember the joy and then, take stock of where your vibratory rate is. You will have uplifted it.
- 1995-0609-050 Allow yourself to think upon times of beauty, times of love, times of understanding, times of insight, times of revelation, times of remembrance of the Love of the Father. There is a grand writing in your Scriptures, "To think upon these things" that are uplifting. Allow yourself to think upon the beauty and the Love that you know so well.
- 1995-0609-051 For indeed only the uplifted vibrations are going to go into the fifth dimension for the fifth dimension is an accelerated place, experience of vibratory rate. Those who choose to abide in the rate that is now predominant upon this plane will stay with that vibratory rate until they are desirous of experiencing the Light that they are. There is no judgment and there is no time. So it matters not in eternity, as you understand eternity to be, it matters not whether they choose in this lifetime or billions of lifetimes later to experience the Light, the Light body and the Light expression.
- 1995-0609-052 But they will not be within your realm of experience as you choose to go on to the next level of expression that has been termed the fifth dimension. An accelerated place of vibratory rate known as Light.
- 1995-0609-053 Right now you are Light that is activating, as we have spoken many times, activating the form. There is a percentage of the Light that you are that is being activated, brought in consciously to activate the form. You have asked about the awakening. You are in process of the awakening. You are in process of going to the fifth dimension of awakened being where you know you are the Light that pervades all, all of creation. That you are the Light energy in its accelerated form, its uplifted form that gives expression to all of form.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-054 That is why I call you this evening, the graduates. You are the ones who have been willing to move into the next level, the next level of experience and you wondered why you came this evening.
- 1995-0609-055 Can you talk about more about energy?
- 1995-0609-056 Yes.
- 1995-0609-057 Like there is a different energy for each of my chakras when I focus on my chakras.... I'm not sure what my question is about that but I'm becoming aware of the difference and it's easier to feel some, the lower ones than the higher ones that the energy is like more subtle.
- 1995-0609-058 Yes.
- 1995-0609-059 And okay, so when you say to check in where our energy is, how does that fit with the energy of the chakras?
- 1995-0609-060 It will be what you would see as the overall energy level of all of the chakras as you have called them, for indeed none of them are separate from each other and even the seven main chakras that are first of all, that you can attune yourself to. Those seven are very much aligned and networking with chakras all over the form.
- 1995-0609-061 What you will be in process of doing in the days to come is bringing all of the chakras into the same alignment.
- 1995-0609-062 Yes, that's what I've been working on.
- 1995-0609-063 Yes, strange how that would happen.
- 1995-0609-064 Okay, so another question about energy. Wednesday night in here we had our drum class. I was playing right over there where Pat is this big JunGin drum. It's two different rhythms. It's one with the left hand the big boom bass like Mother Earth and then the bell. It's like Heaven and Earth which is a whole different beat.
- 1995-0609-065 Yes.
- 1995-0609-066 And I've never been able to play that rhythm in time for as long as I did on Wednesday night, and I just felt there was so much energy and I felt there was one point I felt like I was going to explode. There was so much energy inside, inside of my spine.
- 1995-0609-067 Yes.
- 1995-0609-068 So was that from my playing that or from the collective of all that we were doing? And I wasn't sure what to do so I just tried moving my body to let it go.
- 1995-0609-069 Indeed, yes, to be one with that energy. And as you have felt it is very difficult to stay still when you are in that energy.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-070 My beloved friend and teacher has often asked me, why we do not sit in the chair and give forth the words of wisdom? It is because the energy that I bring to this point of focus desires to be in action, in expression. It is very much the same as what you felt. There was a need to use the energy, to allow it to be in expression.
- 1995-0609-071 Now, it is not by accident that you and many of the brothers and sisters now are feeling a desire to be in rhythm, to be in vibration, to call it forth with the various instruments. As you do that it awakens within you a remembrance of the energy that you are. You allow what is known as the sympathetic vibrations, that is what was happening very much with you. You were aligning all of the chakras with the vibration of the drumbeat. Yours, yes, because you were very much in proximity to that drum, that instrument, but also all of the vibration of the room as ones were in concert together with those vibrations.
- 1995-0609-072 It is not by accident that you feel yourself called to experiencing vibration in this form. Others will be called to feel it in a different way with different instruments or to give it forth through the vocal, through the voice. But it is the same desire. It is to come unto that place of conscious remembrance of the energy that you are.
- 1995-0609-073 Yes, and at times such as that, there is a lifting up of the vibratory rate of the form. You are allowing the energy that you are, yes, to vibrate even through the cells of the body, even with the form and to bring it more totally alive.
- 1995-0609-074 What you feel in those times is the approachment to what we are talking about this evening as the fifth dimension. The fifth dimension can also be equated or likened to the ascension where you allow the remembrance and the connection with the Light that you are to be so total that the form dissolves. It is still there if you desire it to be there, but it is in a changed form, transformed, enlightened.
- 1995-0609-075 So what we are speaking of here as we term it the fifth dimension, has also been called ascension. We have spoken of the ascension other evenings where we have spoken first that the ascension comes with the revelation and remembrance of the energy that activates the form. It comes from that place of the heart, of the Love, but it is a very dynamic expression of love. It is a very active expression of love. It is very much in tune with the vibrations that you bring forth on the instruments that allow you what we were speaking of earlier, allow you to take measurement of where you are with your vibratory rate in that moment.
- 1995-0609-076 As you play the instrument and you feel yourself to be one with the notes of the instrument, you are uplifted in that time from the point of focus, the vibratory rate that you have held previous to that. That is why you have often enjoyed –

1995-06-09 Oakbridge University Channeled by Judith Coates

and I use that word advisedly — the singing. That is why you enjoy the music. That is why you have the religious — as they are called — hymns that are uplifting. Sometimes the words are not so uplifting.

- 1995-0609-077 {Laughter}
- 1995-0609-078 But the vibratory rate of the music as you allow yourself to know oneness with it, is uplifting and now you see more and more of your religious hymns being of joy and of grander vision. Yes, as you have allowed and as you have decreed by your choice that you will align yourself with the joy that you are.
- 1995-0609-079 It does not mean that you close your eyes to the issues of the brothers and sisters. It does not mean that you close your eyes to your own questions, issues as they come up, but it does mean that you make choice for the holy vision. You make choice to see everything against the backdrop of the whole vision. And if it is not readily apparent, then you abide with it and you ask, "How can I see this anew? What really is going on? What more is there to understand?" And as you ask, you shall receive.
- 1995-0609-080 Even some of the what you would call knotty questions.
- 1995-0609-081 Naughty? No, knotty?
- 1995-0609-082 {Laughter}
- 1995-0609-083 The ones that would be seen as tangled, yes, as into a knot. Although you have a point.
- 1995-0609-084 But as you allow yourself to abide with the tangledness of the knot and you ask, "How can I see this in another light or in more light?" It begins to unravel itself.
- 1995-0609-085 So ask and ye shall receive. If you are asking, "How do I experience more of my own energy?" Allow yourself to get up at the break of dawn. Yes, and to feel the vibration of Mother Earth in the newness of the day. To look with new eyes upon that new beginning of each day.
- 1995-0609-086 Now if the body call to you and want to return unto bed, if that is your choice, there is no judgment with that either. But if the employer decides that you must be there at the crack of dawn, well, so be it. But allow yourself a moment to connect with the vibration of living as it is new in the morning.
- 1995-0609-087 Then allow yourself to connect with the vibration of living as it is in your eventide and to see the beauty and the balance of each day. To know that you are the Lord that has brought forth that day. You are the one who has called it forth. You are the one that is experiencing it. Great God that you are.
- 1995-0609-088 Each day would not come forth to be experienced if you did not call it forth, and you may look upon it and call it good. Allow your heart to sing, to feel the upliftment as you behold the beauty that is all around you. You are the ones who

1995-06-09 Oakbridge University Channeled by Judith Coates

have put the beauty all around you. You gift it yes, to the brothers and sisters if they have eyes to see it, but you put it there as your gift to yourself, to remember the grand joy of creation.

- 1995-0609-089 Creation is not something that was done a long time ago afar off, all completed and finished. Creation is ongoing in every moment. You create every moment. You call it forth and there is grand joy in creation even as you have felt the creation, the most ostensible creation of the small ones who came through the form known as the body. Great joy. A bit of travail from time to time but that is forgotten and the joy is what remains. It is symbolic of the joy of all of creation. That is why you choose to bring forth the small ones.
- 1995-0609-090 Speaking of the small ones, a couple of small ones that I'm working with, a four year old and a six year old who have a different kind of energy or something like that. You know, the hyperactive.
- 1995-0609-091 Yes, you are seeing more and more of that upon your plane in this time are you not?
- 1995-0609-092 Yeah.
- 1995-0609-093 Yes.
- 1995-0609-094 What do you say about that?
- 1995-0609-095 It is because ones are coming with a remembrance of the fifth dimension energy and are trying to fit it into the jigsaw puzzle as it would be, of this dimension at this time. There is not a focusing. There is what you would call a bit of a cog that is missing, a bit of a refinement, fine tuning that is missing yet.
- 1995-0609-096 How can I help them?
- 1995-0609-097 You will work with the fine tuning. You will say to ones not so much with the words of the mouth but from heart to heart, "I know the agreement that you have made, to bring your Light in its accelerated vibratory rate to this plane, but there is a bit of fine tuning that needs to be done as we go with this process."
- 1995-0609-098 They are, if you will receive it, they are a bit ahead of what is the process, the agreed upon process, stage of this process right now. And therefore, it is hard for them to bring that energy into a focus. But you will work with various techniques that you know well.
- 1995-0609-099 You're sure?
- 1995-0609-100 Yes, the technique of centering. The technique of coming unto the place of the heart through the breathing. Start with that first. The breath is most important to come unto that place of center, that place to collecting the energy and you may speak with these ones so that they may visualize the collection of their energy. For they know their energy to be off in other areas so you will work with

1995-06-09 Oakbridge University Channeled by Judith Coates

them in the technique of visualizing it coming together into a ball that surrounds the form. Very actively in their visualizing of bringing in their energy to focus it. It is something that they will need to work with, to be a bit disciplined with and yet it is not a heavy. It is not something that they need to and will not approach in heaviness.

- 1995-0609-101 Or even to get them to sit still for a moment, or thirty seconds. It is quite difficult.
- 1995-0609-102 Very much so. You have agreed that you will take on a bit of a challenge here. You will do with them what is known as the meditation on the run.
- 1995-0609-103 {Laughter}
- 1995-0609-104 Or in the foam roll or under the pillows.
- 1995-0609-105 Exactly. A place where you can connect energy to energy. You will also allow your own energy to accelerate to the place where there is the alignment, the equalization where you know your energy to be the same as theirs, keeping your energy in focus. It will allow the connection and it will translate, it will be felt. It is not something that you need do in outward action, but it is within. It will be felt for all of healing when there is the offering of an opportunity of healing, comes about as energy is met and equalized, known to be whole. Not to be this. {Holding one hand higher than another.} You see that is separation, levels. That is separation.
- 1995-0609-106 When you allow your energy to come unto their to make the connection of oneness, there will be the communication that knows oneness, that knows centeredness. Breathing all the time. Do not forget to breath. Teach them also the process of breathing.
- 1995-0609-107 There has been with many of the ones born in recent times, a certain propelling of birth process that has not allowed them the first deep breath. They have missed....
- 1995-0609-108 That's true, they both have had birth trauma.
- 1995-0609-109 Yes, they have missed that first connected breath. So what is most important here is that they connect again with the breath.
- 1995-0609-110 Yeah.
- 1995-0609-111 Many of the ones that you see coming now with the extra energy have agreed first of all, that they will come and they will be very much as the fireflies that flit about with their lights. Very very active, to be as example of accelerated vibratory rate, but out of control.
- 1995-0609-112 They are ones who because of their choice have experienced a certain force in the birth process that has not allowed them the ease of birthing. They have not

know, we will call it permission, not permission of parents or of society but their own permission to connect with the centeredness of their own energy. So there will be some, you will call it relearning I will call it remembering. But they are very much the examples of fifth dimension energy ahead of the process and out of control.

- 1995-0609-113 It is what you are decreeing that you will do in the energy level, not in the ways that they are doing it, for you will stay consciously centered in the energy. That is why we spoke earlier of being vigilant, of taking a pause, a time in each hour of your waking time to check in and measure where you are feeling with vibratory rate at that time. You are going to come into the fifth dimension consciously.
- 1995-0609-114 The fifth dimension is a place of great joy. Joy is not a down state is it? Joy is an uplifted state. A state where the energy that you are can very much be felt as speeded up and it feels light does it not?
- 1995-0609-115 Uh huh.
- 1995-0609-116 The fifth dimension otherwise known as the ascension, is coming very rapidly upon this plane. It is not by accident, not a random happening that you hear so many of the brothers and sisters talking about the prophecies of a New Age, a new time upon this plane. Why would that be within your consciousness beloved one?
- 1995-0609-117 It's going to happen because it's already there?
- 1995-0609-118 Yes, because you remember at a very deep level and you wish now to bring that into conscious awareness. So you call forth the books, you call forth the teachers that talk about the ending of an age and the birthing of a New Age, and you see it on one hand and another hand and another person comes and there is this workshop and this other teacher and you even see it upon your square box that you love to watch from time to time, for you have the programs that are now talking about the changes that you are allowing to happen. The changes that now speak of expanded awareness of who you are.
- 1995-0609-119 Who am I? I am the unlimited Child of my Father, of the one Creator. That is who you are. Yes, and I enjoy, I am the accelerated vibratory rate that I see as being in the next dimension or so.
- 1995-0609-120 Now, are there truly different dimension? Are there truly different levels?
- 1995-0609-121 Why are we bypassing the fourth?
- 1995-0609-122 You are not bypassing the fourth. It is what you have already experienced and you are experiencing it even now as this is called third dimension. You are very much a bridge that goes into the fourth dimension as you are in meditation, as you sit in an expanded state of oneness with a brother or sister, or with a concept that you read in a book and you feel yourself uplifted, exalted in that moment.

1995-06-09 Oakbridge University Channeled by Judith Coates

Or as you look upon something of beauty you are in the fourth dimension, you are beyond what you see as the narrow box of what has been called third dimension.

- 1995-0609-123 Because there is a belief in process upon this plane, there is also a belief in levels. There is a belief in dimensions. The Truth of your being is that you are One already. That you are All, already. But that you have agreed that you would bring a point of focus, a point of awareness right here to experience how it feels to be very much that point of focus. Totally immersed in this experience so that you know it intimately.
- 1995-0609-124 Never again will you have to come and experience it this way for you know it intimately. You are now choosing because of the belief in process to say, "I will go into the next level of remembrance. I will graduate from a certain level of understanding to the place of claiming my master's degree." That is what this evening is about.
- 1995-0609-125 And so you will see then, because of the belief in process, you will see certain levels that have been called forth because it is a bit more expanded than what you identify third to be, and you will understand. Even now as we speak of fifth dimension you can understand although it is not yet in conscious realization, you can understand the expression of Light as Light still with form as a Light being.
- 1995-0609-126 Now, I will share with you what seems to be quite impossible from this point of belief. That when you get to what you now term fifth dimension as you see it to be somewhere above you, you will not believe in levels. You will know Oneness of Light, free, unlimited and you will know that that Light is dynamic Love in expression wherever you choose to see yourself being and that will change instantly as you desire it to.
- 1995-0609-127 Very much as my brother the Ram, goes as the wind, here there and everywhere in an instant. For the time being, we have spoken much about time this evening. For the time being there is a belief in process that dictates a belief in levels, in dimensions and it serves you well for it allows you to play with and to contemplate something beyond this point of focus.
- 1995-0609-128 There is a remembrance deep within, there is a relatedness as we speak of fifth dimension, as we speak of ascension, there is a remembrance that does not quite have relevancy yet, in this plane, but there is a remembrance of how that feels and what it might be about.
- 1995-0609-129 It is because you are the one that is the Light of what you see now as fifth dimension to be and you hold, because again of your belief in levels, you hold others to be in other dimensions, other levels above that to be above you. You say, "Well, there are others known as ascended masters who know it all." Yes. Yes, I do and so do you.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-130 {Laughter}
- 1995-0609-131 When you come unto the fifth dimension of knowing that you are the Light and the Love of the Father you are the one holy Child. You will not see levels above you. You will see Oneness. You will know Oneness. You will not put other brothers or sisters above you in your valuing even the ones known as the ascended masters.
- 1995-0609-132 But it serves you well now where you are in this belief to say that there are levels as a goal and to say that there are ones known as saviors, ones known as enlightened ones, ones known as ascended masters who are somehow quite far beyond what you think yourself to be and that perhaps, "If I study hard enough."
- 1995-0609-133 Cram hard enough.
- 1995-0609-134 Yes, for the exam, "I will cram everything in there. I'll be prepared. Perhaps I will get to the place of understanding at least what it might feel like to be an ascended master." Well, when you get to the place of fifth dimension you will be ascended and you will know your mastery. So what will that make you? An ascended master.
- 1995-0609-135 So when ones speak of different levels and say that the ascended masters are somehow above on another level, that serves your belief right now. It serves as the carrot in front of the horse. But I will share with you that that carrot will not always stay right out in front of the horse for you are the one that is calling it in and you will bite that carrot and you will know yourself to be the carrot.
- 1995-0609-136 All right.
- 1995-0609-137 And sweet it is.
- 1995-0609-138 So basically what you are saying is that we are already, we just don't know it yet?
- 1995-0609-139 Exactly. Exactly. And it is not so much that it has been forgotten as a lack. It has been by choice that you would know this experience intimately. It is much the same as you would sit at table and we have spoken of this other times and you would eat of the chocolate pudding and you would eat of the chocolate pudding over and over and over until finally you say, "I do not want anymore of the chocolate pudding. I know chocolate pudding from the inside out. I know its texture. I know its taste. I know how it feels. I know it intimately. Now, I will choose another dish to experience."
- 1995-0609-140 So it has not been a forgetting as that would be a failure. It has been by choice for the adventure. As you look upon your programs known as science fiction, your programs that would go into outer space somewhere into a future time. How can you call forth a future time if you are not already there? Yes. You would see that most naively, you would say that, "That is somehow beyond me. That is a future time with technology and understanding that goes far beyond what I

1995-06-09 Oakbridge University Channeled by Judith Coates

- know." And yet it is you because you are calling it forth even in what you see as this point of focus and you do understand the technology that they speak of.
- 1995-0609-141 For indeed you are expressing as that starship commander, as the communications expert, as the one who would do the healing with another one on the ship by the different technology, by the different laying on of hands. But the energy work. You are already playing with energy work. You already know that.
- 1995-0609-142 It is the same now when you think of different dimensions and you place the ascended masters somewhere like, well perhaps, just a bit farther along than Startrek and your Captain Kirk, and you think, "Well ascended masters they are somewhere out there." How far out there can I be if I am here with you right now?
- 1995-0609-143 {Laughter}
- 1995-0609-144 I am within you as you. There is no separation. But it serves you well right now to say that, "There is more of the whole that I will experience." That is the purpose. It is as we spoke, it is the carrot out there that keeps you thinking, "Okay, I will understand more. I will allow myself to know more, to experience more. I will read more," and that is well and good. Read. What you have spoken on a previous day is most true. Those who read lead, because you are willing to play with new concepts, new ideas that go beyond the bounds of what is held within the accepted belief of this dimension.
- 1995-0609-145 It excites the heart. First of all it excites the mind then it is registered in the heart and the vibratory rate of you accelerates as you feel that excitement. That is why, if you will receive it, that you bring forth times of fear.
- 1995-0609-146 You desire to know accelerated vibratory rate and you will approach it from the back door perhaps, but that is why you bring forth instances where you feel fear. You want to connect with the accelerated energy that you are and so coming around in another way, rather obliquely, you bring forth an experience where there is fear and you feel an acceleration of energy.
- 1995-0609-147 That's why carnivals are so much fun?
- 1995-0609-148 Yes, and why you love the rides that are the roller coasters and, "Oh, my goodness. What will happen to the body, to the form?" You desire to connect with the energy in its accelerated rate.
- 1995-0609-149 You have all experienced being in a place of fear where you thought, "Oh my goodness. What is going to happen to me? I'd better do something quick." And even in that moment there has been a knowing, there has been a knowing at a very deep level, the still small voice has spoke very quietly, but it has spoken, "That this too shall pass. That I am taken care of. I am okay."

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-150 Now the experience in that moment was not showing you that. The experience in that moment was very much suggesting to you that you'd better get most busy and do something. But the underlying knowing was, "That I am my Father's Child and I will come through this as I have come through all of the other adventures. But meantime, I really experience my energy."
- 1995-0609-151 Now you have refined it to a place where you feel the fear as an ongoing thing. It is no longer just the momentary instantaneous example of fear that you would see with the wild animal that would come and threaten the form. Where you had to deal with it in a moment or so.
- 1995-0609-152 Now you bring forth the examples and the events, instances where there is an ongoing underlying fear that does not serve you well. But it does not allow the acceleration of energy. But that too, points out by contrast, it points out the energy of where you are abiding and as you are vigilant you can make choice and you can change it.
- 1995-0609-153 As the graduates that you are in this evening, you have come to a place of understanding, perhaps not claimed yet, but understanding the answer to, "Who am I?" You have caught a glimpse. A glimpse that makes you want to know and experience more. And you have caught a glimpse, an understanding of, "Why am I here?" And you have caught a glimpse and an understanding more than that this evening of the purpose of time and why time is collapsing as you allow your own energy to accelerate. Time itself collapses.
- 1995-0609-154 Like when you say time is going fast when you are having fun, because you are more into your true Self?
- 1995-0609-155 Yes, it is very much as we spoke with this one about the alignment of energy. When you are in your joy you are allowing yourself as the maker of time, you are allowing it to go very fast because you are experiencing an acceleration of your energy. Other times when you are feeling a bit down about something or dreading something, time drags. Or if you are hoping for something but you do not feel that it is quite here with you it is an awaited time, that seems to take forever sometimes, too.
- 1995-0609-156 So if this trend continues, time is going to collapse completely?
- 1995-0609-157 Yes.
- 1995-0609-158 What would that be like?
- 1995-0609-159 That is for you to tell me. What will that look like?
- 1995-0609-160 Is that the point in time right now?
- 1995-0609-161 Yes, it is the point of ascension. It is the point of awakening. It is the point of knowing, "I am one."

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-162 What happens at that time?
- 1995-0609-163 Then that is for you to say at that time. Then you will decree where you want to go as the Light being that you are, free to go. You will find yourself wherever you choose to be instantaneously. That is why you are doing a bit of what you would call the practicing in this belief in process so that you can try on roles and experiences and see where you want to be before you instantaneously find yourself in the midst of it.
- 1995-0609-164 Do your practicing well. Yes.
- 1995-0609-165 And the device I've been working on is a means to do it before we do it with our consciousness.
- 1995-0609-166 It goes together hand in glove, because you cannot bring forward a device unless the consciousness is right with it, yes. But it is means to work with what is envisioned, what is desired to be experienced, yes. So it is a means.
- 1995-0609-167 A means to get us to believe that this is possible so we can get there.
- 1995-0609-168 I think he's got it. Yes. You bring forth seemingly outside of yourself the various devices and means that will facilitate what you already know. It is the way of technology and of science to bring into what would be evidence that you can believe what you already have envisioned and then want to have proved to yourself, yes. And it facilitates getting where you want to be. So keep on with it for it will serve many. It speaks a language that many understand and will understand.
- 1995-0609-169 When we speak here this evening of concepts that go beyond this point of focus known as this dimension, many of the brothers and sisters would have no computer program that would make it relevant for them. They will need the devices that have been sanctioned by your advanced scientific community even the ones known as your alternative scientific community.
- 1995-0609-170 That's the way it's going to have to be.
- 1995-0609-171 Yes, at first. That is the way it has always been, at first, then it will be more mainstream. Yes.
- 1995-0609-172 Can I ask a question?
- 1995-0609-173 Yes.
- 1995-0609-174 Could you talk a little bit about the New Age, the fifth dimension wave that is coming and how it is going to affect everyone in the whole planet and all?
- 1995-0609-175 Yes, very much so. You are at a choice point. You as a seeming individual and all of the brothers and sisters. You have seen this in the last few decades of your timing. In fact the last century or so. It has been building to this point of choice where there is much of duality that is seen, much of conflict. You see this now in

1995-06-09 Oakbridge University Channeled by Judith Coates

your news that brings you the results of brothers and sisters choices. It is very much right up in front of the awareness.

- 1995-0609-176 It is a choice point, a time of choice. Those who do not choose to move on to the fifth dimension will go on experiencing and expressing. Yes, they will not go into a great void and be lost forever. The Light cannot be lost forever.
- 1995-0609-177 But on this planet?
- 1995-0609-178 It will be seen on this planet, yes, but not as you know this planet, Mother Earth to be. In other words, what you feel yourself to be experiencing right now is your agreement of reality. But even now in what you see as this space as this room, there are other societies and cultures existing. Dimensions you will call them, that are very much real to the beings who have chosen to experience that.
- 1995-0609-179 So the answer to your question is yes and no. As you understand and image our Holy Mother, the Earth She is changing. They will still be expressing and experiencing in what they will equate to be a planet known as Earth, Terra. It will not be Terra, Mother Earth as you know it to be. So the answer to that again is yes and a no.
- 1995-0609-180 Is that like a parallel?
- 1995-0609-181 Yes.
- 1995-0609-182 So we will be here also but on a different level?
- 1995-0609-183 Yes.
- 1995-0609-184 Will others go to a different planet?
- 1995-0609-185 As they envision their adventure to be, yes. As you have envisioned your histories to be, you have expressed in the Pleiades, from Sirius, Andromeda, all of the different places that you would see as planets that would host your life experience. So yes, they will choose.
- 1995-0609-186 What happens to the evil people that try to manipulate the world?
- 1995-0609-187 They will eat of the chocolate pudding until they are tired of it.
- 1995-0609-188 {Laughter}
- 1995-0609-189 Okay.
- 1995-0609-190 As you have discerned beloved one, another one does not have power over a brother or sister except as that brother or sister gives in their belief their power into that playoff of drama. So they do not have the power of manipulation. They have the power of suggestion and many times it has been accepted and played out as the script, the improv at that time. But they will keep on eating the chocolate pudding until they are tired of it.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-191 There is no judgment, you see, and there is no time that would make everything seem to be of a value judgment as to whether you choose it now or later. Time is of the adventure. It is part of the script that you have written in. One of the ingredients of the script.
- 1995-0609-192 Not all of your brothers and sisters, not all of you as the One that you are, believe in the ingredient of time. You play many scripts that do not have that ingredient in it. But in this point of focus there has been a collective agreement that has said, "Okay, one of the things we will write into this script is that there is time, is a belief in process. Is a belief in cause and effect." It is part of the script.
- 1995-0609-193 Okay, we are already in the fifth dimension and don't know it, but the fifth dimensional wave that is coming to the earth and in the earth is that point in which by the plan and grand design of the great Architect of all, right? And this is just the way that it is. That is why we talk about a New Age?
- 1995-0609-194 Yes.
- 1995-0609-195 So that there will be only that fifth dimension existing say, on the level of the outer Earth in physical form?
- 1995-0609-196 Yes, you will be experiencing what we have termed the fifth dimension, although you would know yourself to be beyond dimension at that point.
- 1995-0609-197 Yeah, I mean we are referencing that.
- 1995-0609-198 Yes, and you will be by choice as you are now by choice, living upon what you see as the surface of the Light being, collection of Light know as our Holy Mother, the Earth, or you may choose experience within for there is much Light within.
- 1995-0609-199 It could be either way? But that's the choice of the fifth dimension?
- 1995-0609-200 Yes.
- 1995-0609-201 But not the choice of the chocolate pudding until it's chosen?
- 1995-0609-202 Exactly, yes. Until that one says, "Okay, I am now up to here in chocolate pudding. I need no more of it. I want to know something else." Then they go on to the butterscotch or whatever.
- 1995-0609-203 For a couple of millenniums.
- 1995-0609-204 For whatever.
- 1995-0609-205 Whatever.
- 1995-0609-206 Exactly, for whatever.
- 1995-0609-207 Is there going to be ... being in the body in full awareness on this planet and working with others who are striving to achieve the same?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-208 Yes, very much so. So that you will activate a form that will be understandable to the brothers and sisters for whatever time interval you choose. In other words, even as it is now, if you have what you call an appointment at three o'clock to meet with someone and the rest of the day is free. You will find yourself going off and traveling to Atlantis II, doing whatever you want to do there. Traveling to the Pleiades, being something there for a time interval again as you see time and it will be beyond time. And then you will come back to what you see as this point of focus for your three o'clock appointment bringing the Light that you are into a coalesced form in order to speak a language with that one who wants to know exactly what you know now.
- 1995-0609-209 For what I have described to you right now is what you are doing right now.
- 1995-0609-210 Oh.
- 1995-0609-211 Oh.
- 1995-0609-212 What about bi-locating? Is that the same thing?
- 1995-0609-213 Yes, it is the same.
- 1995-0609-214 I mean like to consciously be a the three o'clock appointment in physical form and be consciously somewhere else doing something else at the same time?
- 1995-0609-215 Yes. When you allow yourself to come into what we have termed this evening, fifth dimension to know that as the oneness, you will know that you can put your consciousness into infinite places and experiences. You are doing this already, but you have agreed in the process yes, you have agreed that there will be a process of remembrance and claiming.
- 1995-0609-216 I'm moving into that.
- 1995-0609-217 Yes, it is in Truth already your being. If you will receive it as I am speaking with you, you are calling forth the conversation that we are having. The concepts that are of the mind and the Love from heart to heart. I am in conversation with more ones as they see themselves to be as individuals and dimensions and times, more than we can count because they are willing to have conversation with me by different names.
- 1995-0609-218 I am not limited as you are not limited. That is why you can pray unto me and I hear you. It is not that the line is ever busy. Always there can be access, direct access for I am as you.
- 1995-0609-219 True. Yes.
- 1995-0609-220 So beloved brother, the wave that is sweeping in consciousness across the face of our Holy Mother, the Earth is a wave that is ushering in in your reality the fifth dimension. For others they will not see a change. They are making choice, have already made choice.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-221 They already made their choice though.
- 1995-0609-222 Yes, that they will go on being in conflict, in greed, in jealousy, in fear, in hatred, in violence because they have not finished with the chocolate pudding and they will not see themselves as being herded up and transported somewhere else. They will not see themselves as being punished for indeed there is not punishment except as you get to a place of saying, "Boy, I've had enough of the chocolate pudding." That may be your own punishment as you say, "I am full and overflowing of chocolate pudding."
- 1995-0609-223 You will feel lighter and lighter as you allow yourself the vigilance of checking in, as you allow yourself the choice to live in beauty and in joy choosing to think upon these things that are uplifting.
- 1995-0609-224 So this is the most important part and anything else that goes on here in the planet in the way of any kind of changes is very minor in comparison.
- 1995-0609-225 Indeed. Are you speaking of the activities of the brothers and sisters or the activity of our Holy Mother, the Earth?
- 1995-0609-226 The Mother Earth.
- 1995-0609-227 Yes. You will see for you in your reality, you will see an ease of transformation because you are allowing yourself ease of transformation, shifts in perception. Others of the brothers and sisters who need a bit of motivation to shift their perception will see much of the shifting of our Holy Mother, the Earth. What is on the inner will be manifest in the outer because they will want to see it there first. Yes.
- 1995-0609-228 It isn't necessary for everyone to be aware of the wave?
- 1995-0609-229 No.
- 1995-0609-230 You can make it without that.
- 1995-0609-231 Indeed, there are many of ones that you would term innocent who do not study the metaphysics, who are very much in knowing their oneness with the life that they are. They are very much in the heart of extending care and support and love unto others and they do not trouble themselves in what they see as this lifetime to understand the why's and wherefore's for philosophy. They just be it.
- 1995-0609-232 Would Mother Theresa be one of those people?
- 1995-0609-233 Yes, very much so.
- 1995-0609-234 I suppose that's what you were talking about.
- 1995-0609-235 Yes.
- 1995-0609-236 What, I'd like to know, you tell us and we know whatever was is, and so Atlantis and Lemuria is. Where are they?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-237 Ah, beloved one.
- 1995-0609-238 You never hear about it.
- 1995-0609-239 But you do.
- 1995-0609-240 I do?
- 1995-0609-241 Yes, how would you bring forth a question such as that if you had not heard about them?
- 1995-0609-242 Yeah, but I heard that they was not are.
- 1995-0609-243 Yes. It is again the belief in linear process that says that they have been and yet as you entertain them within your mind they are very much here and you will see them again manifest in this reality. Somewhat transformed, transformed because there will be the understanding of love. You will see this in your experience if you desire it. You are one who desires it. It is in your consciousness and your awareness. You have said, "I desire to see that vision and to do it again once more with love."
- 1995-0609-244 Oh, I did it once without love.
- 1995-0609-245 Indeed.
- 1995-0609-246 Ohhh.
- 1995-0609-247 Oh.
- 1995-0609-248 Not enough chocolate pudding huh?
- 1995-0609-249 You got your fill of the chocolate pudding.
- 1995-0609-250 So now I'll take it another direction?
- 1995-0609-251 Yes. So now you have said, "Well there were good parts of that chocolate pudding. I will take those good parts that I see to be of love and wholeness and I will bring that forth into manifestation of a reality that I will experience and I will see it totally enmeshed, immersed in love. I will see love intermingling all through all of the actions."
- 1995-0609-252 It is coming, the time very quickly upon this plane that within the next twenty-five years of your timing much of changes. Within the next five years of your timing much of changes. But by the time you have seen even what you would know as fifteen, seventeen years of your timing there will be in place a society, an understanding, a collective agreement known as society that is Love governed.
- 1995-0609-253 I hope I'm there.
- 1995-0609-254 Indeed, you will be. You are already there. Whether you choose to be with the form you now identify or not, it does not matter.
- 1995-0609-255 No, I suppose it wouldn't would it?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-256 It does not. You may desire to come back in another form. It is not so much a coming back because you don't go away.
- 1995-0609-257 Another form such as?
- 1995-0609-258 Yes, what would you another form as?
- 1995-0609-259 I'd rather you told me.
- 1995-0609-260 Beloved one, I cannot tell you.
- 1995-0609-261 Well I can't think of one. I guess we'll just have to wait and see.
- 1995-0609-262 Indeed, and that is well and good.
- 1995-0609-263 One other thing I'd really like to know. I was studying with Zanzooona and we went to Maui and we were told there was a crystal off the coast of Maui and I really believe I see it.
- 1995-0609-264 Yes.
- 1995-0609-265 Do I?
- 1995-0609-266 Indeed you do. You really do.
- 1995-0609-267 It's really big and it's really blue and it looks a lot like the Tacoma Dome.
- 1995-0609-268 Yes. Yes.
- 1995-0609-269 I see it.
- 1995-0609-270 You do see it.
- 1995-0609-271 I'm glad to know that.
- 1995-0609-272 It is a crystal that you have worked with in what you would see as other histories, other lifetimes.
- 1995-0609-273 Like Atlantis or Lemuria?
- 1995-0609-274 Like Atlantis, yes, many times. Not just one history as you would know it. That is why you have brought that memory clearly with you into this consciousness.
- 1995-0609-275 It sure is clear in my head.
- 1995-0609-276 Yes.
- 1995-0609-277 I'm glad to know it's really there.
- 1995-0609-278 For you, beloved one, it is really there. For others that it does not matter to, it is not there. But for you it is there and that is what matters because it is as catalyst for your remembrance of all that you are.
- 1995-0609-279 Heavenly day, the things that you learn.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-280 When we decide to let go of time is there something that's going to take its place or what? You know, when you let go of something that is very familiar and you say, "Well this can only happen this way. It takes two weeks for this to take place, you know." So you are limited by this observation and this belief. But if you let go of that you don't know where to go. We are in three dimensional right here and we look at this thing through processes and so forth and what is there to replace it except the fifth dimension?
- 1995-0609-281 Yes, you will know a grand freedom of choice. You will know instantaneous manifestation and instantaneous expression where there will not be the need for the belief in time.
- 1995-0609-282 As you choose to have adventure you may write that in as part of the ingredient of that adventure again, but you will choose the full realization that you are the one who is choosing it for a time interval that serves that scene, that scenario, that drama in that moment. So in other words, your friend time, will again be companion in adventure as you call it forth and desire it to be.
- 1995-0609-283 Sequentially?
- 1995-0609-284 Yes. Yes, it will be seen as friend. It will not be seen as enemy as it is now. But it will be seen as friend and as a choice to have it be part of what you are experiencing and you will know that you are the creator of that experience and you are the experience instantaneously even as you do what is known as the time lapse photography that seems to have time and seems to make a process of it.
- 1995-0609-285 You see you play with even now concepts that suggest to you your remembrance of what time is. In other words, time is not fixed. You play with your technical devices known as the time-lapse photography that says, in this minute, sixty seconds as you measure sixty seconds, I will show you the whole life process of the lily. And you do that with your time-lapse photography and you say, "Boy, isn't that wonderful? In one minute's time I saw the lily come up out of the ground, as the stem, I saw it as the bud, the beautiful bud that opened and then I saw the petals fall back. I saw the whole process in one minute, and you know in reality," you say to a friend, "In reality that takes a week, several weeks of timing."
- 1995-0609-286 Well, in one belief the process takes several weeks. In other belief in process because you have this device which you have brought forth, you see it in one minute. Fantastic, no?
- 1995-0609-287 Yes, amazing. I'm always reminded when I think about time the man who was flying somewhere back in '58 maybe '57 and he entered a thunderstorm and was flying from Illinois to Iowa and when he came through the thunderstorm there were a number of biplanes that were flying along with him and he was in a race twenty-five years previous and the plane above him didn't see him and came down

1995-06-09 Oakbridge University Channeled by Judith Coates

and he crashed right into the middle section of that plane and they later found the plane and he found part of his prop right in the plane after it had been repaired. But he entered a different time frame twenty-five years previous.

- 1995-0609-288 Yes, because you are the maker of time.
- 1995-0609-289 That was him. I mean, it was reported in the magazine. I wasn't there. This was very, but he awakened after the crash in the hospital in his own time.
- 1995-0609-290 Yes.
- 1995-0609-291 Strange.
- 1995-0609-292 Yes.
- 1995-0609-293 Strange, I mean you know, when I read that I realized that I didn't know anything about time.
- 1995-0609-294 Very good. That is why you brought that information forth in your consciousness. Yes, it was shared by other brothers and sisters who were at a place of willingness to play with the concept of maybe time isn't fixed. So they read the same article and they gathered from that what they desired to know in their belief.
- 1995-0609-295 So yes, it was shared. You are going to say, "Well that came out in a magazine and others must have read it too." Yes, they did. But you brought it forth in your conscious awareness at that time because you were willing to say that, "Perhaps I don't understand what time is. Perhaps it isn't exactly fixed the way I have been taught that it was fixed. Maybe it's a bit more flexible than that." And since that "time" you have been playing with the flexibility of time as it would be the rubber band that folds back on itself.
- 1995-0609-296 I know the mind can't do anything about it. I know that. Can't figure it out. I know that.
- 1995-0609-297 Indeed it will boggle the mind a bit and yet what you are doing as you play with it is to allow the limitations of what you have believed, allow those limitations to be relaxed, expanded a bit. In that you mind will serve you well because as you have the willingness to allow some of the limitation of belief to be relaxed to be pushed out a bit, instantly — here we go with time again — the mind rushes in to play with the expanded belief that you are now allowing yourself.
- 1995-0609-298 So the mind has very much to do with it. It is very active with it as you as the awakening soul allow the barriers, the limitations to be pushed out to the place where you know that there are no barriers. That is what we have spoke of as the fifth dimension and it comes rapidly now.
- 1995-0609-299 As must come your break. Beloved one, we will have your song at the beginning of the next section. Will that be agreeable?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-300 Sure.
- 1995-0609-301 Very good. Then allow yourselves to take a break, to refresh the bodies, to hug one another and we will meet again in ten minutes of your timing. So be it.
- 1995-0609-302 {Break}
- 1995-0609-303 Beloved ones, yes she has given me away. The mortar board, you have worn one, yes and it does not stay upon the head. It slips from side to side. Well of course, you know when you are being most active as the energy that you are, it will not stay in one place.
- 1995-0609-304 Use bobby pins.
- 1995-0609-305 Yes, indeed I could do that. My hair was a bit like yours but a bit longer but it had the texture of yours. We could do that. I will suggest that. Cosmic bobby pins. We will have to have those, cosmic bobby pins made of light energy no doubt.
- 1995-0609-306 There you go. It would stay there then.
- 1995-0609-307 Yes, definitely it would hold it on. It would not go from side to side.
- 1995-0609-308 Beloved one, may we start this portion of our evening with your song?
- 1995-0609-309 Patrick Corrigan sings:
- 1995-0609-310 Beautiful beloved one. And as you have seen you heard well. This one will often ask and doubt. He will ask, "What to write about? What lyrics to put to the vibration of sound?" And you hear very well. Time and time again you may trust it. The heart knows. The ego questions yes. The ego judges, would see value or lack of it. Whenever that happens for you know that it is ego and say, "Yes, old friend, you are on my stage again. What do you have for me this time?" And then say, "Okay, into the wings. Off of my stage."
- 1995-0609-311 Well done, beloved one you are a true graduate. You are at the place where you are claiming the mastery. The mastery of the heart, of listening, of trusting, knowing your own being of the wisdom that you are. For indeed as you have seen, what you have put into beautiful sound of song, has been what we spoke of earlier. Is there separation?
- 1995-0609-312 No.
- 1995-0609-313 No, there is one Mind, and as you allow yourself to clear all of the dust of the ego and to come again unto the place of the heart and to listen the words come forth. Thank you for gifting us of the beauty of that song.
- 1995-0609-314 Now beloved one, how be you in this evening?
- 1995-0609-315 Good.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-316 Would you have a question that needs to be addressed?
- 1995-0609-317 Not really. Everything has been answered with everything else that has been said tonight.
- 1995-0609-318 Strange how that happens. Yes. Again it is because there is one Mind. All of the ones so gathered, all of you have come in a unity of purpose to know who you are. To remember and to allow yourselves to graduate as you would see levels to be, to graduate and to claim the next level. To be part of the wave that is very much in process upon this plane. So of course the questions have been answered for you called them forth, the answers, as you played with the questions.
- 1995-0609-319 It is all part and parcel of the same thing. As you asked earlier in this week what to sing about? And you heard various words, various concepts and ideas and you played with them. What were you doing with time? You were casting yourself forward as you would see time to be to this very moment and saying, "I will play with the concept of allowing the rubber band of time to fold back on itself and I will say, 'Okay, it is now Friday evening and I am called upon to sing. What will be appropriate in that time?'" And you allowed yourself because time is not fixed, allowed yourself to come into this moment and to know what would be appropriate and yet you saw yourself to be back on Tuesday somewhere.
- 1995-0609-320 Uh huh.
- 1995-0609-321 Yes. It is exactly what we have been speaking of this evening. You are already into fifth dimension experience.
- 1995-0609-322 Beloved one, how be you in this evening?
- 1995-0609-323 Oh, I be fine.
- 1995-0609-324 Yes, you are.
- 1995-0609-325 Very happy to be here.
- 1995-0609-326 Would you have a question that needs to be addressed?
- 1995-0609-327 Well, when you just now was talking to Pat you said something that makes a question for me. And that is there is just one Mind and I think that feels pretty okay for me. But if there is only one Mind how can there be so many egos? How does that work?
- 1995-0609-328 Ego is part of the accepted reality upon this plane. Part of the role players in this drama as you see this script to be. It comes at your bidding. For you and for what would be seen as any of the other brothers and sisters, as they call that character, that role forth.
- 1995-0609-329 So there are not what you would see as many egos running around. It is the same role, same player as each one calls it forth onto his or her stage at that moment and says, "Come, serve me. Show me where I am abiding right now. Am I abiding

in the place of separation that says, 'I am separate. I am an individual separate from the brothers and sisters.' Do I need to fear what a brother or a sister will think of me? Do I need to be in preparation to defend myself?" Et cetera, et cetera, et cetera.

- 1995-0609-330 The ego serves this plane of reality very well for it allows the one who has the eyes to see, allows them to see with clarity where they are abiding in their image of themselves and of others in that moment so that there can be a choice. That is why you invite ego to be on your show, to be on your stage. It is not because you are so bad and a failure. It is not because ego is there to trip you up at every turn. Ego is your servant. You have asked it to be on your stage, to be the messenger who comes at your bidding with a silver tray, puts it right in front of you and says, "This is the message of where you are abiding in this moment. In fact, what it does is to turn the silver tray up and to be as a mirror for you so that you may see where you are abiding in that moment and make choice.
- 1995-0609-331 So how does that connect with the mind thing?
- 1995-0609-332 The Mind plays with all of the beliefs and concepts that you put into the whole of what you call your reality in this point of focus. The mind will play with what you are willing to believe in that moment.
- 1995-0609-333 Which is really the ego?
- 1995-0609-334 Not all of the time, no. No, but the mind plays with the ingredients that you are willing to have in your belief system at any given moment. This changes, it shifts moment by moment. Some of the moments the belief system will call for the ego to be there, to be as the messenger. We are speaking here of limited ego. We are not speaking of ego as the One Self, as the holy Child knowing herself to be one. That is Ego as the One – with the capital "E" – the same as Self – with a capital "S". You see there are different ways of understanding ego.
- 1995-0609-335 I didn't even know that before.
- 1995-0609-336 You did, beloved one for you are calling it forth but we are bringing to your remembrance. Ego in the limited sense serves as the messenger that shows you where you are abiding. Ego as the one Self that you are goes beyond limited self, beyond limited image.
- 1995-0609-337 So that when one talks of ego and says that it is of a negative character, one is speaking of limited image of the one. Ego in its true sense is in alignment in claiming the oneness of the one holy Child. But as it is commonly used in this point of focus, it is with the small "e" as the one who comes as the messenger. Not as one that is separate from you and is going to trip you up. Not as one who has a name called the devil that lurks around the edges somewhere and if you are not careful it will run in and turf you up.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-338 The devil as a concept serves you well. You have asked that concept to be upon your stage the same as you have asked the ego – with a small “e” – to be upon your stage. There are ones who call the belief, the limited belief, we will call it devil and to say that it is in opposition to God. God being the good. The devil as that concept again serves as the messenger, as the reflector, as the mirror that allows that one who believes in that concept to see what their belief is, what their image is of who they are and of what the world is and what the brothers and sisters are.
- 1995-0609-339 Well I’ve got to study that. I can’t, really can’t comprehend it all at once.
- 1995-0609-340 It is because beloved one, it goes beyond the mind. In the heart there is remembrance and what you would call understanding, relatedness, alignment. The mind itself says, “I’m a bit boggled with this. I will have to sit with it for awhile.”
- 1995-0609-341 I will.
- 1995-0609-342 And that is well and good. You will have fun with it.
- 1995-0609-343 It will be good to sit.
- 1995-0609-344 Indeed, except when you are ready to get up and walk about.
- 1995-0609-345 Beloved brother I am happy that you made trek to come this evening to your graduation.
- 1995-0609-346 Me too, thank you.
- 1995-0609-347 Yes indeed, you heard me well. Would you have a question for this evening?
- 1995-0609-348 No, I’m fine.
- 1995-0609-349 Indeed you are okay. You are more than okay.
- 1995-0609-350 Beloved servant of the Father, beloved sister would you have a question this evening?
- 1995-0609-351 No, I just want to thank you for the wonderful way you are helping my grandson and especially the beautiful way you express through my son. It is beautiful, thank you.
- 1995-0609-352 It is because they are willing now to claim the totality of one Self, the Christ Self.
- 1995-0609-353 He’s one of those little boys that had a birth problem.
- 1995-0609-354 Yes.
- 1995-0609-355 But he’s getting it under control. Thank you.
- 1995-0609-356 He is a delight. He has come with a remembrance of all of the energy that he is and he says, he even asks in what you would see as the mental language to

1995-06-09 Oakbridge University Channeled by Judith Coates

himself, "Why does this not work? Why does it not fit in?" Because he knows himself to be unlimited energy.

- 1995-0609-357 That's right.
- 1995-0609-358 And to try to fit it into this jigsaw puzzle of belief system he said, "It does not fit."
- 1995-0609-359 Silly.
- 1995-0609-360 Indeed. He is doing very well.
- 1995-0609-361 Yes, he is. Thank you.
- 1995-0609-362 Beloved one who is as the Child who plays, who contemplates, who allows the energy to be felt and expressed, how are you this evening?
- 1995-0609-363 Great.
- 1995-0609-364 Indeed you are great. Do you see the energy that happens? Yes. Would you have a question, a further question this evening?
- 1995-0609-365 Yeah, I've got three.
- 1995-0609-366 Very good, yes. The trinity no doubt.
- 1995-0609-367 Well not quite like that. When Grayce asked about the innocent ones, she asked about mother Theresa, I wondered I AmaGhee{??} one of those?
- 1995-0609-368 Oh yes, very much so, yes. One who just comes from the heart and does not worry about all of the shoulds, yes. Just, well you have a saying in your world, just do it. Just be it.
- 1995-0609-369 Right. Another question I have is about the Reiki energy and I struggle sometimes with the form that I was taught, you know, that I have to use and I don't really believe that I need to go through all of that to use the Reiki.
- 1995-0609-370 Indeed, you do not.
- 1995-0609-371 I can just call it down and use it.
- 1995-0609-372 Indeed, the form is taught again as the beginning language for ones to understand, to give some structure of understanding in the beginning. Then the master goes beyond that form, that ritual and develops through the intuition the wisdom, the inner wisdom that you are, develops your own way of using the energy of the All. Yes.
- 1995-0609-373 So that's all it is, is it's the energy of the All? It just has a particular name that they have given it?
- 1995-0609-374 Indeed. It has been known by many names throughout history.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-375 Okay, because it always seemed to me that the way that I was taught is very limiting.
- 1995-0609-376 Yes, and it is. You are one who has used this method of calling in the energy that you are from fifth dimension as we have talked about this evening, as we have defined it this evening, of calling in that whole energy for the offering unto one for the healing, for the acceptance of the wholeness that they already are. You are one who has developed different methods and placement that you have in some lifetimes said, were more beneficial than others and you have taught this to your disciples from time to time.
- 1995-0609-377 This lifetime you have come and shed the encasement of the limitation of "shoulds", that it should be a certain way and you know that it is the connecting of the One energy that is offered unto another and it matters not. If they have constriction in what you would see as one of the toes and you place the hand upon the shoulder and you allow by your offering, you allow the energy balancing, the toe if there is acceptance, will be healed because the acceptance is within the being.
- 1995-0609-378 So it does not matter whether the hands are placed, thus, or thus, or thus. It only matters that you are willing to be there as servant, to be conduit of the energy.
- 1995-0609-379 Yeah, and it's really wonderful to be able to do it long distance. I mean long distance as we experience it.
- 1995-0609-380 Again as there is belief in distance, yes.
- 1995-0609-381 There is not space.
- 1995-0609-382 Indeed.
- 1995-0609-383 That's really wonderful.
- 1995-0609-384 And it is instantaneous.
- 1995-0609-385 Yeah, and to have somebody on the other end even know how my hands were.
- 1995-0609-386 Yes. Do you see you are "proving" to yourself that there is no separation?
- 1995-0609-387 Yep. I see that. And the last question is: I'm going to manifest this vision that I have for doing the earth healing work, the drums and it's called, I'm sure some of this came from you, not all of it, drums, dreams and remembering.
- 1995-0609-388 Very good, beloved one.
- 1995-0609-389 And the remembering is a multifaceted word.
- 1995-0609-390 Indeed as you have discerned, yes.
- 1995-0609-391 Okay. So will you help me manifest that vision?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-392 I will be delighted, I will be of the Light in assisting you with the idea which is shared. Yes, it has come from me but as there is no separation it has come from the one that you are has it not?
- 1995-0609-393 Uh huh.
- 1995-0609-394 Yes, I will be delighted to be your partner in this.
- 1995-0609-395 Great, because I need a lot of help to do this. I can't do this by myself. I need a lot of people.
- 1995-0609-396 You never do anything by yourself, but you will manifest the bodies, the separate activations of form yes, that will prove to yourself that you are not alone in this. Indeed you are not alone even as the idea has occurred to you, there have been many of what you would call your cheering section, the Light beings of which you are one who have been there whispering in the ear. Shouting in the ear. Yes.
- 1995-0609-397 Okay.
- 1995-0609-398 But it need not be what you would see as difficult. In other words, you do not need to say that I need help. If you hold the belief that you need help then that is what will out-picture. If you say, "Yes, this is a divine idea," which it is, "it will unfold easily."
- 1995-0609-399 Yeah, that's what I want.
- 1995-0609-400 So be it.
- 1995-0609-401 Yeah, so be it.
- 1995-0609-402 You will have fun with it and many more as well will have fun with it.
- 1995-0609-403 Beloved brother I am pleased to see you here this evening. You are claiming your mastery, your master's degree. You thought you were only playing with it. You are claiming it. What would you ask in this evening?
- 1995-0609-404 A lot of people get sick because they have to learn something. What about pets? I have a pet that has a tumor and she's starting to recover but I would like to do something to speed up her recovery.
- 1995-0609-405 Yes. Again allow yourself to work with the oneness. The beloved pets exhibit and manifest different forms of disease as it is called, manifestations for many reasons. They do it for their own experience yes, they do it to know the love and support of ones such as you. They do it as the servant that they are for you and for others who have the opportunity to outpour love and to know oneness.
- 1995-0609-406 In other words, it is not because of something wrong. It is not done because of karma in another lifetime. It is done by choice for the experience and for the offering of opportunity that it is to you and to others to be as servants and to know the oneness. It is the same with the brothers and sisters. It is not for a

1995-06-09 Oakbridge University Channeled by Judith Coates

purpose of learning because there has been a lack. It is done as a process of remembering and as the offering of service unto themselves as the chocolate pudding and unto others so that they may look with new eyes upon what is transpiring.

- 1995-0609-407 Now, as to the beloved pet, yes, this one is allowing the growth as you have called it to dissolve, to no longer be an impediment for it is serving the purpose of knowing that your love is steadfast. The love that you feel for this one is most tangible. It can be felt and is felt and is being received. It is very much as a warm blanket around this one.
- 1995-0609-408 Allow yourself to abide in the place of oneness with this one for this is Light energy the same as you having chosen a different form to express with, but no different than you. For indeed in times past as you would see linear time to be you have expressed with the form of the beloved pet. So that you would know how it feels to be either cared for and loved or to be cast out, to be seen of no value, a hindrance, thrown out to the outskirts of town. You have experienced that. So you have been in that place.
- 1995-0609-409 This one has also expressed as what you would see as human form in what you would term as past time. But this one comes as companion to you again for oftentimes you have been companion to each other when you were in the form of the beloved pet and you were highly valued. Other times when that one had no value for you. You have been as the human to the pet and vice-versa. You have even been as what you would see as brothers activating the human form. There is much that you have shared.
- 1995-0609-410 No beloved pet comes to you or any of the brothers and sisters by accident. There is always purpose, there is always shared history. It is the shared history of the One. What will be most wholing for you and for the beloved pet is to know that oneness. To allow all of the Love that you are to be showered upon this one. To look into the eyes of this one and say, "I know who you are." Love is most wholing.
- 1995-0609-411 Okay. I have kind of like two more.
- 1995-0609-412 Another trinity, yes.
- 1995-0609-413 Yes, this has to do with the big play of things in this 3-D world with the people trying to manipulate the world and the other patriot people trying to bring it back to Thomas Jefferson's dream of how the world should be and you mentioned later that ten or fifteen years from now it will be governed by love and is the efforts of the people today to restore part of that what is going to come?
- 1995-0609-414 Yes, it is a vision that is held by many of the brothers and sisters. Not all as you have seen, but many who remember Love in its manifestation and desire to

1995-06-09 Oakbridge University Channeled by Judith Coates

experience that totally once again as time is seen to be. So yes, in what you would call the fifteen years there will be much of choice, much of change. It will be one by one as the onion skin. Ones will make their choice. They will not feel it to be as the earth shaking as they make their choice and yet they make a choice.

- 1995-0609-415 Each one stands at the point of the "Y", where the "Y" comes together and makes a choice either to go one way or the other.
- 1995-0609-416 Haven't most people already made their choice?
- 1995-0609-417 There has been a probability, yes, a propensity.
- 1995-0609-418 And maybe the earth changes will push people to one side or the other?
- 1995-0609-419 There are some who in their choice are saying, "I choose to delay my choice."
- 1995-0609-420 Uh huh. And last, I would like to have more in depth on we never know when it's going to happen but when the what you call the transition, harvest will we know within a week before it happens, how it will happen and how will it come about?
- 1995-0609-421 It comes about as easy as breathing. It is already a process that you have set in motion. Not only in what you see and identify as this lifetime, but aeons of time before. You have decreed even as you set out upon the adventure to know expression in physical terms. You have said that there will come a point when you will remember all of who you are.
- 1995-0609-422 So it will be what you see as the gradual dawning. Very much as what you see in your early morning where there are the faint traces of light. Already these are visible in the process.
- 1995-0609-423 There will be a collective agreement yes, where you see it very much happening, shared happening, but again it will be very much as the dawning of the sun's rays upon the plane. So it will not be an instantaneous all of sudden like a lightening bolt, but it will be a gradual dawning and there will be many who share in the first rays as they are acknowledged. That is what is happening now. There is much Light already on this plane and it grows.
- 1995-0609-424 For some they are still in their beds, as it would be. Still with the eyes a bit closed. For others they are up. They are seeing the Light that is dawning upon this plane.
- 1995-0609-425 Okay.
- 1995-0609-426 It is a time of great joy.
- 1995-0609-427 And beloved brother, how are you this evening?
- 1995-0609-428 I'm excited.
- 1995-0609-429 Indeed, grand place to be. How does the vibratory rate feel?

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-430 Very high, very high.
- 1995-0609-431 Yes.
- 1995-0609-432 I took your advice.
- 1995-0609-433 Very good. Someone takes my advice.
- 1995-0609-434 I went to the mountain and I sat by the river for four days and I shouted at the trees.
- 1995-0609-435 Yes, and did you hear them answer you?
- 1995-0609-436 Yeah. Yeah, and the river answered me and I made a deal with the mountain.
- 1995-0609-437 Yes, and what was your contract with the mountain?
- 1995-0609-438 It looks very rigid and if it can be fluid, flow with the times, so can I.
- 1995-0609-439 Indeed, well discerned beloved one. It looks like a solid form such as this looks like a solid form and it is not. It is very much in motion. It is very much in vibration. It is shifting almost what you would call imperceptibly but yet, you can perceive it. You have perceived it, yes. Grand revelation.
- 1995-0609-440 And what I learned from the river. You put a rock in the way and it goes right on. You put another rock in the way. You can put all the rocks you want and it goes right on.
- 1995-0609-441 And it still finds a way to go around, to flow, yes. It does not stop in that place and say with great resentment, "How could you do this to me?"
- 1995-0609-442 Right, and it wasn't mad.
- 1995-0609-443 It was not mad, of course not. Nothing to be mad about. If it does not flow this way it flows another way. Exactly. Let us get on with it, yes.
- 1995-0609-444 It was a grand gift that you gifted to yourself, and to all of creation for what you have felt is an upliftment that has influenced by opportunity, all of creation.
- 1995-0609-445 I did feel oneness with the rock.
- 1995-0609-446 Yes. Indeed again, as you have seen something to be solid, it is very much in motion. It is an energy in a certain vibratory rate very much alive as you are. It has its own what you call consciousness. Very much aware of what you were feeling with your energy Light. It could feel. It does feel.
- 1995-0609-447 If you will receive it, beloved one, you and all of the brothers and sisters have experienced being the grand rock in the middle of the flowing water. You have experienced being the grand rock of the mountain in order to know, "How does it feel to be energy that is of that vibratory rate?"

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-448 Now you are claiming the remembrance of that as you sit in oneness with it. You are saying as it would be someone separate to you in the beginning, "Share with me your story." And then you hear that the story is yours, it is you.
- 1995-0609-449 Yeah. Yeah, we are really one.
- 1995-0609-450 I think he's got it.
- 1995-0609-451 That's great.
- 1995-0609-452 It is joy, is it not?
- 1995-0609-453 It is.
- 1995-0609-454 It is fifth dimension.
- 1995-0609-455 It is wonderful.
- 1995-0609-456 You can be even as we have discussed in this evening, you can be with the focus of attention saying, "I identify with form," and allowing that to be its own language and you can be in the fifth dimension with your energy as you have been in this evening from time to time. You have touched the space of fifth dimension as you allowed yourself the exhalation of going unto accelerated vibratory rate and then you have said, "Okay, I will bring it back to this point of focus."
- 1995-0609-457 When you allow yourself to go off for a moment or two into that high state of consciousness, what happens to the body? You are not aware of the body. The body, if you will receive it, in that moment does not exist. It exists because of your agreement of consciousness. In the moment when you take off in a high state of consciousness and you find yourself to be somewhere else because your vibratory rate has zoomed you somewhere else, you are not aware of the body. And in that moment the body as you know it to be does not exist in this reality as you call a reality.
- 1995-0609-458 But in the next moment you come back and you claim it because of your consciousness. Because you are the creator of this force.
- 1995-0609-459 This is confusing because the rest of us in the room still see the body.
- 1995-0609-460 That is within their consciousness, is it not?
- 1995-0609-461 Yeah.
- 1995-0609-462 Within their reality. They see you sitting here. You as the Light that you are, you leave a bit of a pilot light on here.
- 1995-0609-463 {Laughter}
- 1995-0609-464 But you as the Light that you are, you are off somewhere else in that moment. Ones sometimes will look upon you, it has been said to you and they will say, "You're a bit vacant. Are you in there?" And you are not in there.

1995-06-09 Oakbridge University Channeled by Judith Coates

- 1995-0609-465 Oh, I have spent most of my life someplace else other than in my body.
- 1995-0609-466 Yes.
- 1995-0609-467 Beloved one, loved of the Father because you are that Love, what would you ask in this evening?
- 1995-0609-468 Well, I just, I'm having some resistance to this whole fifth level concept because I don't feel like I'm here to graduate. I feel like I have so much to learn and so little to give. So much to remember.
- 1995-0609-469 Ah beloved one. You are very much in process of remembering. You would not be here in this evening if this were not so. You have much to offer others and to give to others because you are willing to contemplate all of what you would call the issues, all of the challenges that you see in front of you and yet to see beauty even in the experiences of the last two months of your timing.
- 1995-0609-470 There have been challenges that others would very much recognize as challenges and yet you have seen beauty in between the lines, much beauty as you have allowed yourself to express in different ways than what was perhaps easy and accepted before.
- 1995-0609-471 Yes, there have been times of doubt and confusion for yourself. You have wondered, "What did I do to deserve this? Why was I absent for a moment or so that would allow the so-called accident to happen?" You allowed it because you have decreed and desired to know that you are already moving into the awareness of all that you are. That is what we have spoken of as fifth dimension.
- 1995-0609-472 It is not something that you need to worry about. Many will like to play with the concept of dimensions. It excites them.
- 1995-0609-473 That's right.
- 1995-0609-474 It allows them to come totally alive. It is what turns them on with the energy. That is well and good. For you, you know that you are in a process that is ongoing, that you do not need what would be called the graduations for one unfoldment leads to the next petal unfolding. It is its own process and it takes you unerringly back Home again. You are doing very well with it.
- 1995-0609-475 I really get stuck with the judgments of someone else is more evolved than I am, much more knowledgeable than I am and therefore closer to.
- 1995-0609-476 Indeed, that is why we have spoken of this, this evening so that when ones come and speak to you of certain levels of wisdom, of understanding, of enlightenment you will know within yourself what you already know that you are already Home. You are already in that place of unlimited Light and Love, but you have agreed that you will have this experience here and because of what is a miracle, what you would see as a miracle, you have allowed yourself to focus so intently upon

1995-06-09 Oakbridge University Channeled by Judith Coates

this experience that the rest of it seems to be somewhere subtly within you. But there is an intensity of focus, identification with this experience. You are that miracle that brings it forth.

- 1995-0609-477 So, do not allow yourself to sit in a place of judgment of self, of yourself to say that there are others who are more wise, or "When I arrive at the fifth level." You are already at the fifth level. That is what this evening's message has been about. It has been about claiming your own graduation which only means that you understand that it is an ongoing process. It is very much as you have symbolized for yourself in this day and time, of graduation from nursery school, pre-school. And there is the graduation from kindergarten. There are even the greeting cards that speak of "Congratulations, you have graduated from kindergarten," on through junior high, high school, college, graduate, whatever. All the different levels. It is an ongoing process as you believe in process of unfoldment and remembrance and no one is higher or lower than you.
- 1995-0609-478 It is what you choose to focus upon in the moment as this expression with no judgment. I do not judge any. I think it is grand that ones want to experience this reality. I find great joy in all of the roller coaster rides that you set for yourselves and the brothers and sisters do. It is a grand adventure. That is what it is all about. Not to be in judgment of self and say, "Oh, I haven't chosen the right ride in the amusement park. Look upon the others who are doing whatever." You are not to be in judgment. Just to say, "Wow! Isn't this ride the most?" And it is the most for it allows you to connect and remember with all of who you are.
- 1995-0609-479 I'm trying to remember to do that. To say, "Oh, here's this again. What am I supposed to learn from this?" Just to be conscious of it to do that instead of saying, "Oh, here's this again."
- 1995-0609-480 Exactly. Not to be in judgment. Just to welcome it again and say, "Oh yes, here's this scene again. I've played this scene before. Okay, how can I do it anew? Let's see what other nuance we can throw into this scene," because you are the grand actress and you do it very well.
- 1995-0609-481 So whenever it comes up again, you say, "Oh, here I am again." Then ask, "Well, okay how can I rewrite this script this time being somewhat of a different character? A different aspect of the actress that I am?" And have fun with it. That is what it is for.
- 1995-0609-482 It is not because you have been so bad and you have forgotten that you have to relearn everything. It is because you want to have experience. That is all it is about. No judgment.
- 1995-0609-483 I have one other real quick question. The friend of mine that is staying with me now, she wanted me to ask you a question. She doesn't believe in any of this at all. She thinks it's airy-fairy, and when I told her that Jeshua would be speaking

1995-06-09 Oakbridge University Channeled by Judith Coates

to us she says, "Well, you can ask Him a question for me." And her question is in Revelations it says that you will come back in the flesh and she wants to know when this is happening?

- 1995-0609-484 Yes, indeed. Many, many times I have come back in the flesh. As we spoke earlier unto this one, of manifesting a form for a time interval to serve a purpose. Oftentimes I have manifested a form to sit with you and with your friend when it was needful to give a word of advice, guidance, compassion, whole vision. And in the next moment when she has turned around that friend who sat beside her, that grandmother who sat beside her, that young man who sat beside her have gone off somewhere. Around the corner. Has caught a streetcar, a bus, disappeared into the crowd.
- 1995-0609-485 I do not always manifest the form known as Jesus as what is depicted in your paintings. I do not go about with the halo around the head and in the clothing that was of that day and time. When I manifest a body and I sit with you or with another brother or sister I manifest clothing such as this one, the jeans, the shirt, what will fit in. If I were to walk about with the white sheets....
- 1995-0609-486 They would get you a white jacket to go with it.
- 1995-0609-487 Yes, and probably a bit of a strait constriction to it.
- 1995-0609-488 Indeed, that was appropriate for that day and time. The blue jeans are appropriate for this time. So I manifest the blue jeans and a T-shirt and perhaps a bit of the hayseed grass that I am chewing upon. Whatever is appropriate at that time.
- 1995-0609-489 I told her that you were here now and she said she can't grasp that concept. She wants to have a picture, I guess of your coming and taking all the people that are Christians and good people away somewhere.
- 1995-0609-490 Indeed, and this will happen but not because I come as a grand savior. It will happen because you and others of the heart are choosing that you will be in this wave of remembering the Light and the goodness and the Love and yes, you will find yourself transported to a place that seems like Heaven because you remember a state of loving that is defined as Heaven. And you want to manifest it again in your reality.
- 1995-0609-491 So it is not that I will come down out of the clouds and gather everyone up literally, but I am very much in process as you believe process to be in gathering all of mySelf up in consciousness, in awareness.
- 1995-0609-492 Allow the friend of yours to look into her Scriptures and to read where it speaks there. One of the Scriptures written by a brother known as Matthew. I believe it is Matthew 28 where it says, "Lo, I am with you always." Now was always just in

1995-06-09 Oakbridge University Channeled by Judith Coates

the time of the disciples or is always now? What is always? Ask this one, "What is always?"

- 1995-0609-493 Thank you.
- 1995-0609-494 Thank you, beloved one.
- 1995-0609-495 Such a grand evening of ceremony. Has this been what you would see as a ritual? No, perhaps not, but it has been a grand ceremony of remembrance of oneness as we have played with the concepts of the mind. As we have allowed the heart to come alive again. As we have known grand excitement, yes, we will step upon the toes. You will feel the energy of aliveness, excitement.
- 1995-0609-496 It has been a grand evening. An evening of graduation as you have recognized that you have left behind other levels of understanding. Is this the only evening of graduation? No. Everyone, every moment in every day as you say, "Oh, the Light has gone on. I understand more of my wholeness." That is a graduation for you leave behind the limited understanding, the limited image of who you have thought yourself to be and you have claimed your understanding of who you are. Who am I? I am the Christ.
- 1995-0609-497 Why am I here? To experience and express the Christ. To bring it into total manifestation known as the Light of Heaven upon this plane. To bring into conscious reality, "Lo, I am with you always," for I am you. I am the life that activates even what you see as your individuality. It is a grand graduation and it is to be celebrated and enjoyed.
- 1995-0609-498 Go forth from this place in newness. Allow the gospel of graduation, the gospel of Love, the unlimited Love that you are to be spread across the face of our Holy Mother, the Earth, the wave of the fifth dimension yes, that is what it is. The wave of unlimited Love. The Christ to be known and experienced and expressed in totality, yes. Here, now as you claim the here and now.
- 1995-0609-499 To sing the grand songs, to allow the heart to come alive with the song in the heart, to share the smile with another one, to share the energy with another one in a most tangible form, to share with another one the excitement of the concepts of the mind and of the books. For as you read you lead. To share the excitement of the oneness with the rock, even with the smallest grain of sand and with the tallest mountain. That mountain would not be there without you. You are one with the energy of all of creation.
- 1995-0609-500 So in times when you would say, "What is the roller coaster all about?" and "Why have I chosen this?" Know that it is for the fun of it. It is for the joy of it.
- 1995-0609-501 It has been my grand joy to converse with you in this manner this evening. I thank you for calling me forth. Always I am one with you in your heart. I express as you. We do it most consciously when you turn the focus of your attention unto

1995-06-09 Oakbridge University Channeled by Judith Coates

me and ask me to be with you in that consciousness. But even at other times when the focus of attention is riveted upon something else, I am very much with you as you. And I hold a vibration of Love and of surety even when you are going through the questions, even when you have the attention riveted upon the issues, I hold the frequency of Love for you until in the next moment you remember the claim it for yourself.

1995-0609-502 It is my grand joy to do that for I know myself to be that joy and now you as the graduates of this evening for you have had the willingness to say, "I'm ready to graduate." You as the graduates of this evening, abide in the joy that you are. Live that joy in the radiance that it is. Go forth and spread the gospel of that radiance.

1995-0609-503 So be it.
