Study Guide

November 28, 2018

Volume 5, Chapter 7

“There is a grid of Light upon the surface of our holy Mother, the Earth. You are individual points of Light forming a grid, joined by many others of like mind.”

Jeshua

Introduction

A grid of Light, Energy and Consciousness, above and within the earth, which we established eons ago, is the subject of this and the next chapter. It is indeed quite exciting to think about Intelligence within the oceans, mountain peaks and outer space. And we are all connected, even into outer space.

He tells us that ***“This is a time when consciously you can connect with the grid of Light above and below you to feel yourself energized beyond that which the world understands.”***

Jeshua reveals more information about this grid of Light, including that ascended masters are involved in creating this grid of Light. And most importantly, we can plug into this grid “for the awakening of all human consciousness”.

Discussion Questions

- What passage in this chapter touches your heart? Your mind? Your imagination?
- What do you imagine the Grid of Light looks/feels like? Have you ever experienced plugging into it for either giving or receiving energy, healing or Intelligence? If so what was your experience like?
- “Always there has been divine Intelligence which has traveled either as thought or as light or as more physical density from point of light to point of light.” Have you experienced receiving divine Intelligence in any of these ways?

Affirmation for the Week:

“I easily connect with the Grid of Light and use this power for the Awakening of all beings.”

Assignments

1. Jeshua gives us a wonderful assignment on page 54. “Regarding world events and future events, do not hide away in a cave the consciousness which you are. Allow yourself to know that which is going on, to view it from a different perspective.” Try this out with one dose of news. Can you view it from a different perspective? Of the beholder? Can you see how Divine Intelligence is working through the appearances? How do you think Jeshua would view it?
2. “Connect yourself in consciousness to the grid of Light within and around the Earth. Make your connection to it consciously.” Experiment with visioning a grid of Light and easily connecting with it “as you plug into your wall socket.” How does it feel? Journal about your experiences with it.
3. There is a group called the Children of the Sun, which has been using the Planetary Crystalline Grid for the betterment of our world. Check out their website for an expanded explanation of the Light Grid: <https://childrenofthesun.org/planetary-crystalline-grid/>. Their meditations are beautiful. There is also information on how to set up your own home grid.
4. Use this affirmation daily: “I easily connect with the Grid of Light and use this power for the Awakening.” Enjoy!
