Volume 6, Chapter 22

“Any time you want to know love, call upon me, for I love you with a love that is undying and unchanging. I am your lover I will not forsake you. No matter where you move to, no matter where you journey, no matter how bad things seem to be or how good, always I am with you.” *Jeshua*

Introduction

Jeshua starts out with the question that we asked ourselves a long time ago “How does it feel to create that which is unlike divine?” This curiosity sent us into a spiral of density from which we are now emerging. We got to experience the first to the third dimension and we are now remembering what it is like to “live in a space of health; health of body, health of mind, health of friendships and relationships.” It has been a long winding journey, which most of us want to complete into the Oneness consciousness.

There is even hope that one day we will no longer even need the separated ego and can tell it that “Your contract is finished.”

It is wonderfully, profoundly reassuring to have Jeshua pledge his love to us, “Always I am with you. So if you want to know love and you feel that there is not much love in the world, call upon me.”

The power principles of “Ascension of Collective Consciousness”:

- Allow yourself to have your feet in the third dimension but allow your inner being to be at peace.
- Say good-bye to your servant, the separated ego as you focus on ascension into the 5th dimension.
- Believe that you are vaster, more powerful, greater than you have ever imagined.
- Abide in love and visualize it for the world every morning.
- Judge only from the place of the Beholder of Oneness.
- See the potential for ones to resolve their opposition and their separation from each other.
- Trust that Jeshua is always with us.
- Believe in Peace, Love, Friendship, and Compassion.

Discussion Questions

- What passage in this chapter touches your heart? Your mind? Your imagination?
- Have you ever thought that “separated ego will be a story”? In other words, the ego that guides us through this third dimensional world of fear and control, will no longer have “a contract” to keep us limited. What would it feel like to have total freedom from that kind of internally generated limitation? What can you visualize for your life?
- What do you think of Jeshua’s description of death as a “great reunion, a remembrance of Oneness”?

Affirmation for the Week:

**“I fear nothing,
for the Christ is
guiding me.”**

Assignments

- Jeshua gives us an assignment: “Have the intent to abide in the divinity of love which you are. Set that for yourself every morning when you first awaken and you take that first yawn. As you take that first yawn, allow yourself to feel expansive. Take in all of the air around you and know that you are filling up the energy of being with the love that you are, and you are so excited to go out that day and share it with everyone. Allow your love to encircle the globe. Visualize it.” Do this for the next week and see if it becomes a habit that lifts you up every morning to live in the higher dimensions.
- Practice living in ascended consciousness by releasing judgement. Jeshua tells us that “if you must judge, judge from the place of the Beholder that sees everything from the standpoint of w,h,o,l,e – holy-vision. Write down your experience of being the Beholder.
- Jeshua mentions lifetimes in Lemuria where “many of you the vibration of nature and you worshiped it in Oneness, because you know yourself to be the vibration of nature.” What can you remember from your Lemurian existence? Check out these websites for information about Atlantis: www.atlan.org
