Volume 7, Opening Pages

“The Universe is responding to your declaration.”

*Charlotte Walter*

## Introduction by Charlotte Walter

What a wonderful way to begin this book with an example of a miracle - through a change in consciousness, as told by our beloved Charlotte Walter. She tells of her ill and depressed friend who turned his health and life around through his enthusiastic embrace of Jeshua’s teachings.

Especially powerful is the theme of this volume that “our life is a holographic projection of our consciousness and beliefs. If we want to change the hologram, we need to change our conscious projections.”

Charlotte is a teacher, barrier breakthrough-coach and author. She has also taught a popular workshop at our Christos Advance in 2017. Charlotte is the author of several books, but my favorite is The Shift has Hit the Fan and It’s Changing Everything! Here is an excerpt from it that touches my heart:

“Love is a Cosmic Gift. Surrender is love, gratitude is love and joy is the outpouring of love. Love cherishes and adores. It is the divine Mystery and it is Divine Energy that the poets and playwrights have explored since the beginning of time. It cannot be fabricated. It is the longing in your heart to be One with All That Is – to be Home and to belong.” Her website is:
